Happy New Year!

TONI CICHY

IOWMC # 929

N. Kingstown, RI.

I was born near Prescott Iowa but soon after my family moved to a smatt Paper Mill town in Wisconsin called NEKOOSA. I went to school and later married Edward Cichy on June 26, 1939. Ed went into the U.S. Navy in 1942 and I followed him into the service about six months later, only I wore the Kakhi uniform of the WAC. My tour of duty included fighting the good battle of Oglethorpe, GA. and later I spent the last 14 months of my time in Dutch New Guinea and Manilla, P.I. I am authorized to wear the Philippine Liberation Ribbon as our company of WAC's went in while they still were clearing Japanese from the city.

I joined I.O.W.M.C. in New York City in 1974 and have been active ever since, serving as Secretary for 4 years, Convention Chairlady 3 times and Historian for 4 years.

I have been rather inactive for the past 2½ years as I landed in a wheel chair in Milwaukee in 1986 and later in 1987 I had a knee replacement operation. At present I am serving as I.O.W.M.C.'s Secretary and will do my best to continue to do a good job for our club, answering all correspondance.

Our 49 year marriage has been blessed with 4 children and 5 beautiful grand-kids. Since Ed is the duty chef I spend my time sewing and quilting. I collect wood, stamps, mugs and steins, Canadian Trade Dollars, wood carvings and bells. Enjoy corresponding with others in the various hobbies.

HELP! HELP! Some how the address of Bob Wolnet was misplaced from our records. If any Member knows, drop a note.

Dear Members: I would like to extend best wishes to all for a healthful and financially successful 1989. Also I want to thank all those members who paid their 1989 dues and those who graciously paid up back dues. Unfortunately I still have 23 members who still owe for both 1987 and 1988, and 37 who still owe for 1988. A club like ours that has members from Maine to California must have money to operate. Uncle Sam & the printer do not extend credit. Please send in your dues or if you have lost interest, your resignation. We do not want to drop anyone who has not paid due to an oversight. I know that many of you belong to many clubs and get things mixed up very easily. IOWMC is a good club and needs your support. Lets get behind the officers in this our 25th year. Sincerely,

Toni Cichy, Secretary

PRESIDENTS MESSAGE

Dear Members:

As I write this President Message in the closing of 1988, I was thinking about what we the members of IOWMC can be thankful for. Well first and foremost we have a dedicated individual in Walter A. Scott, who is Editor of Bunyan's Chips. Walter does a good job for us -- how many of you realize that the Editor of Chips does this job without pay, and it takes many hours to bring about one issue each month. We can be thankful for this. I say Walter in behalf of our members "thank you" for all your time and devotion to IOWMC.

Next, we can be thankful for having a dedicated Treasurer. The treasurer job is sort of in the background, but most important. Ted Wolverton does a good job for us. Each and every month without fail, he makes his financial report of IOWMC to us thru the office of President, and in our Bunyan's Chips. We can be thankful of having Ted in our ranks. Ted Wolverton does a good job for IOWMC.

Then, our Secretary - Toni Cichy, you all know the job she does in collecting our dues and sending you your membership wood. She writes to those that overlooked paying. Without Toni, we know, from experience, that it takes a person like Toni to do a good job as Secretary of IOWMC. We can be thankful for her being part of our officer-ship doing a good job for IOWMC.

Well, I could go on and on - Sally Kirka, Dean Hart, John Lawrence, Wayne & Virginia Dennis, Norm Boughton, Mayme Scott and ones that serve on our various committee appointments. Were thankful that you are willing to give up of yourselves - time, money and devotion in making IOWMC a viable part of our collecting interest.

Now in 1989, we will have a call for nomination of officers later in Chips, and for you to make nominations of members for office. All offices will be open except for Secretary and Treasurer. We hope that you will want to HOLD AN OFFICE, if so, have someone or even yourself submit your name for President, (1st & 2nd) Vice President and one Board of Governor. Some of our people would like a break from holding office for many years. Here's your chance to be an officer of IOWMC - THINK ABOUT BECOMING AN OFFICER OF IOWMC - We need new idea's. and ambitious members to participate. Speak out.

In closing this January President Message in behalf of all the officers, we wish each of you and your loved ones a healthy and happy 1989.

Sincerely

Walter H. Riley
Walter H. Riley
President 1988-89

Dear IOWMC Members and Officers:

I would like to express my sincere thanks for the beautiful senior literary award plaque presented to me at the Cincinnati Convention for my artical Bluenose II wood issue. I would like also to thank you for mailing the plaque to me. It certainly was a surprise.

I have enjoyed corresponding with members of I.O.W.M.C., and hope to attend one of the conventions to meet the members and to talk shop, it is a very interesting hobby.

Wood is Good - Sincerly,

Glenn B. Rodgers #1682

NOTE - The Hawaii State Numis. Assoc. 25th Anniv. program advertized on page # 81 Dec. Chips showed actual price of \$2.50 set by the club and after printing and postage cost club will just break even. Kazuma's offer of wood & dog tag a gift to encourage obtaining.

Officers and Members extend our sincere sympathy to Pauline Price on loss of Mother and to Al Zaika on his loss of a Brother.

Report recieved that Jack Gladfelter C-90 suffered through three heart attacts but still holding his own with-out a operation. Take care Jack.

I.O.W.M.C. Bunyan's Chips - I am writing this letter in regard to Alice Stencel. Recently my mother passed away. She was in the hospital for about three weeks where she was deagnosed as having cancer. We all miss her very much.

The Family and I would like to thank the organization for giving my mother such enjoyment in her hobby. We wish all the members and their families a Merry Christmas a happy New Year and much success with the club in the future.

Sincerely, Alan Stencel

Crisis Of Confidence

There's a crisis in the hobby. One that results not only in a loss of money by innocent collectors, but also in a loss of confidence in mail order transactions.

While others pass this off as a risk of free enterprise, it is our goal to serve and protect the interests of our valued subscribers. By insisting that all NUMISMATIC NEWS advertisers pass a strict screening policy.

We further affirm advertiser integrity through an intensive "blind testing" program, and recognize sound business practices with the Krause Publications' Customer Service Award.

There may be a crisis in today's coin hobby, but at NUMISMATIC NEWS we're hard at work to maintain full confidence in mail order dealing — today, and in the future.

BARBARA IZZO
I.O.W.M.C. # 1402
Hillsdale, NJ.

I was born Feb. 9, 1930 in Hillsdale, NJ. After my husband John passed away in 1988 left our home in Charlstadt, NJ. and moved back to my birth-place with father.

My husband and I were both handicapped as I can only use one arm and John was confined to a wheel chair . We married in 1971 and had no children. My husband took me to a lot of coin clubs where I got interested in coins, wooden money and elongated coins. I met a lot of nice friends there which helped me with my hobbies. Most clubs gave out wooden money which started my collection of wooden nickels, dollars and flats. That is when I joined IOWMC and friends helped me to build up a big collection. Thank you all kindly.

I also made up exhibits for many of the coin shows and won a few times. It is hard to try to win when there are nice exhibits of gold, silver and paper money.

I look forward on recieving Bunyan's Chips and reading the many articals, also like to order the wooden money that is advertized. Its also nice to read about our members that send in their portrait. I'm happy in my hobbies of collecting and of the new friends I meet through letter writing and at conventions club meetings.

Another hobby is making jewelry things which I sell to make extra money for myself. It also keeps me busy as its a lonely sad world out there after you loose your loved one.

I was glad I have met so many of the collecting friends at the conventions as my husband and I went to a few when we could go and found them all so wonderful. Thanks again to all who have helped me with my collections, I appreciate all. A Happy New Year to all my friends and their family.

"CALIFORNIA PROTECTED SPECIES WOODS"

By: William E. (Billy) Pike IOWMC # J-1666

Over the past several decades, the combined efforts of hunting, pollution, and the destruction of vast amounts of nature have caused the extinction or endangerment of hundreds of animal species. However, only in the relatively recent past has much action been taken to protect these rare animals. One group through, the San Diego County Inter-Club Numismatic Council in California, has been recognizing protected species in their state for the past seven years, through the use of two inch round wood issues.

The S.D.C.I.C.N.C. consist of eight San Diego County coin clubs, each of which is represented by three of its members on the council. Last year the group was awarded a 25th year membership medal from the ANA. Each July for the past thirty-one years the council has held a large coin show called "Coinarama". For the past twenty-six years they commemorated the event with a wooden dollar. They had always had some sort of theme for the woods, but seven years ago they began the practice of picturing a California protected species on the woods.

California has twenty-two endangered species. Those pictured on the woods have been of various types of animals. Some include the brown pelican (1983) whose numbers have dramatically decreased because of the effect of pesticide pollution on the birds' egg shells; and the California condor (1985) which is endangered because of the increasing loss of its habitat and its main food source -- carrion.

The 1988 issue honors the sea otter, which was almost made extinct by 19th century fur traders.

Each year the members of the council choose a new species to picture on the wooden dollar. Drawings of the animal are submitted to the council, and the members vote on the final design. These are very artistic woods and they make an extremely interesting addition to a collection -- especially when you know the stories behind them.

Note: Thanks to Mr. Lloyd Lindemer for supplying me with information concerning the San Diego County Inter-club Numismatic Council in California, and its woods.

The members attending the annual meeting of the New York Wooden Money Society, has elected John Lawrence, of West Haverstraw, NY, its organizer, to Honorary Membership.

President Gary Piper stated in response to the motion to elect Mr. Lawrence, "John has provided us all with the inspiration and leadership needed to keep a collector organization strong. Without his vision and leadership the accomplishments of the club such as the DeGilio award to the junior collector, who has done the most to promote knowledge of wooden money collecting, the soon to be published catalog of New York State wood issues, and the fellowship available to the members would have never existed."

Junior collectors of woods are urged to contact Mr Norm Boughton, 1356 Buffalo Rd., Rochester, NY. 14624 regarding the DeGilio Award. To be eligible for the DeGilio Award a collector must have been under 18 years of age in the calendar year of the award, (1988 for present entrants), have promoted the hobby of wood collecting by giving talks in school, at coin clubs ect., doing an original research paper on any aspect of wooden money and/or exhibiting wood at coin shows, school or civic location such as a public library. Entrants are welcome and do not have to be a member of any club or organization.

The DeGilio award consists of a plaque and a 25 dollar check.

Everyone is welcome to contribute to the perpetual fund which makes the DeGilio award possible by sending contributions to Mr John Lawrence, 25 N. Wayne Ave., W. Haverstraw, NY. 10993. Checks should be made payable to New York State Wooden Money Society.

PRESIDENT MESSAGE

Dear Member:

Are you going to Pittsburg, PA. for the ANA Convention to be held August 9 thru 13th?

Are you going to Pittsburg, PA. for the 25th Anniversary of the IOWMC? We hope so -- The date of our anniversary party will be announced in the very near future. So that you will be available to attend our 25th anniversary party, why not mark your social calendar for the week of August 9th thru August 12th -- therefore, whatever date our party will be held on, you'll be able to attend. Also by holding your social calendar open, it will allow you to attend the annual meeting of IOWMC.

WHAT CAN YOU DO TO MAKE OUR 25th ANNIVERSARY SUCCESSFUL?

- #1 Do you have any items or can you acquire any items that can be used for attendance gifts?
- #2 Do you know where we can get table favors? Or can you get table favors for our party?
- #3 Do you have any suggestions for us to use to make our 25th Anniversary successful?
- #4 Any constructive suggestions you may have - Please send them to me. I assure you they will be given serious consideration.

You may have noticed, I have asked you six questions in a short period of reading. Why -- well any successful gathering or party takes PEOPLE, and THAT'S YOU -- So your input will be what our 25th Anniversary Party will be. Without your SUGGESTIONS, and your ATTENDANCE at our party, then, the end results will be Nothing.

We sincerely hope that you will WRITE me. So that you don't have to look all over for my name and address to send your thoughts, I will set my name and address right here - ---- Walter H. Riley --- P.O. Box 39 --- Webster, MA. --- 01570.

All letters will be treated as those between just you and I, and your suggestions, if they have merit will, as I said before, be seriously considered. I'll let you know next month - on how many of you had written to me with your suggestions.

For now --- Happy Collecting

Sincerely
Walter H. Riley

ONLY WAY

Come With Us

Remember when the thrill of a new coin discovery made numismatics so worthwhile? When you could answer an ad and get what you paid for?

It's still that way in NUMISMATIC NEWS.

Coin Market keeps you on top of today's marketplace — more than ever, as it rivals even the most sophisticated "insider" newsletter, those selling for as much as four times our annual rate.

But, we've never lost our enthusiasm for the hobby, and it shows on every page, from Burnett Anderson's Washington reports, to Alan Herbert's Coin Clinic. If you've found your enthusiasm for the hobby flagging; or if you failed to get fair treatment elsewhere. Come with us. At NUMISMATIC NEWS we believe the best is yet to come.

IOWMC # 1720
Albion, NY.

I was born in Albion, New York on June 28, 1951. My younger life was spent on a chicken farm with about 10,000 chickens to care for leaving little time to have many friends, so my dad was my best friend. Spent 4 years in Kissimmee, FL. but chose to return to NY. as like the changing seasons.

Rated in the top 3% of nation selective service and was hounded to sign up but at 18 one finds it hard when they expect one to put in 12 years. Also had the opportunity to go to college but couldn't see myself around so many people.

I now work for the New York State Department of Transportation as a maintenance supervisor.

Married my wife Michell Aug. 12, 1981, she traveled with me last summer to Cincinnati, OH. where we attended the IOWMC meeting held during the ANA conv. We met a lot of nice people and hope to attend again this year at Pittsburgh. I have a son that is interested in collecting base-ball cards and whenever we can go to a lot of card shows.

I have been collecting Woods for over two years and have over 4,000 woods. I have just decided to try to specialize in New York, Pennsylvania, Sambo's and Canadian spruce dollar wood issues.

I belong to several wood clubs, also the elongated collectors club and the Batania, New York Coin Club.

I accepted the position of 2nd. Vice President in IOWMC because most organizations have a lot of members and only a few are active in running the club. I hope that I can be of help to our club and I know that I will be able to learn a lot about woods from all the friendly and knowledgeable members.

THE WOODEN NICKEL
ART PROJECT
A CATALOG OF
ARTIST WOODEN NICKELS

A year and a half ago, I had special Artist's Wooden Nickels printed up, with the obverse shown here and with a blank reverse. I sent the nickels to over 1250 celebrities, requesting them to write or draw anything on the blank side, and to sign and date the other side. So far I've received 245 back--from people like Frank Sinatra, Bob Hope, Lana Turner, Stan Musial, Ringo Starr, and many others. The CATALOG shows reproductions of the nickels that I received from the celebrities. (It is not a sales catalog, nor a price catalog, but a book displaying the works.) This first edition was limited to 350 copies, and about 90 are left. It is 20 pages long, black & white, with tan cover sheets and it includes an introduction, reproductions of the nickels, and an index. The catalog (plus a blank Artist's Wooden Nickel) is for sale at \$10.00 per copy (postpaid), with a 10 day return privilege. Order from: Dave Morice, Wooden Nickel Art Project, 231 Woodside Drive, Iowa City, IA. 52240.

The Honorable Abraham Hathaway Howard
New Bedford, MA. First Mayor

Howland served the city as mayor between 1847 and 1852. As well as being a prosperous whaling merchant, Howland was a man with a eye for the future and for new possibilities. He took a vital interest in New Bedford, and it was he who obtained the charter from the state of Massachusetts to establish a cotton mill, the Wamsutta Mills, in New Bedford. Howland was also involved in a manufacturing concern which began distilling kerosene in 1858, and he was one of the financial backers of the gas works when it first came to New Bedford in the early 1850's.

In 1854 Howland warned a fellow Quaker against moving to County Street because his "inborn Quakerism might be contaminated by those wicked Unitarians."

Either Howland was not above being tempted by worldly wealth and Unitarianism or he changed his mind on the subject, for in 1856 he purchased at an auction one of the most magnificent mansions on County Street - the William R. Rodman residence. This mansion is now the Swain School of Design.

Howland's portrait hangs in the New Bedford Free Public Library.

PRESIDENT MESSAGE

Dear Member:

Last month in the President Message I had asked your assistance in making our 25th Anniversary successful by donating articles for table favors and/or attendance prizes. I am happy to report that I heard from a few members, and I want to thank them for their quick response, and offers. I hope that YOU will assist us, if you hadn't gave thought to it yet, I hope you will do so now.

WE WILL be holding our 25th Anniversary LUNCHEON at the David Lawrence Convention Center, Pittsburgh, PA. on Saturday, August 12th at 1:00 P.M. Details relating to this luncheon, price ect., will be in the next President Message. So all of you know this - the David Lawrence Convention Center, Pittsburgh, is where all the ANA activies will be held the week of August 9 thru August 13.

Also would like to remind you - that NOMINATION of officers will be next month (April) Do you have someone that you would like to nominate to office of our IOWMC, or how about you holding office? If you would like to hold office - no reason - why you shouldn't send your own personal nomination to the CHAIRMAN of the nomination committee. I will list here the name and address to whom officers of IOWMC be sent. Send all NOMINATIONS to: Mr Allen Nystrom, P.O. Box 17183, Seattle, WA. 98107.

Walter Scott, Editor of Bunyan's Chips has agreed to put a program together for our 25th Anniversary. Walter Scott is one of our members of IOWMC dedicated to do work for our collecting interest, without fanfare, and one who is always willing to help, and give time to our hobby. I must say, it is a delight for me as President of IOWMC to have such a individual working for the good of IOWMC. I don't mean in any way, to reflect that our other officers aren't doing their bit, but I had to relate to you about Walter Scott readiness, and always willing to be there when someone is needed.

I am sure you will be hearing from Walter Scott as to the 25th Anniversary Program in the very near future.

For now, PLEASE mark your social calendar for Saturday, August 12th at 1:00 P.M. and make your plans to attend our 25th Anniversary luncheon.

HAPPY COLLECTING

Sincerely
Walter H. Riley

1989 - IOWMC BENEFIT DRAWING

I have accepted to be the Chairman of our organization's fund raising project. This project helps to defray club expenses, which increases yearly; and this also has prevented any increase of our membership dues.

It was decieded to start on this project early, as Wayne & I may have to leave town earlier than we plan to attend to some personal business before heading to Pittsburgh for our IOWMC annual get-together.

Response in the past has been great and I know we can count on ALL MEMBERS to participate by not only purchasing tickets but by donating items or cash for the door prizes. The sooner your donations are received; the more time I will have to work on the total of prizes to be given or auctioned. Last year's total was 57 with 70 auction lots.

ALL donations and inquiries should be sent to: Virginia Dennis, Chairman, 1852 Golden Shadow Drive, Henderson, Nevada 89015.

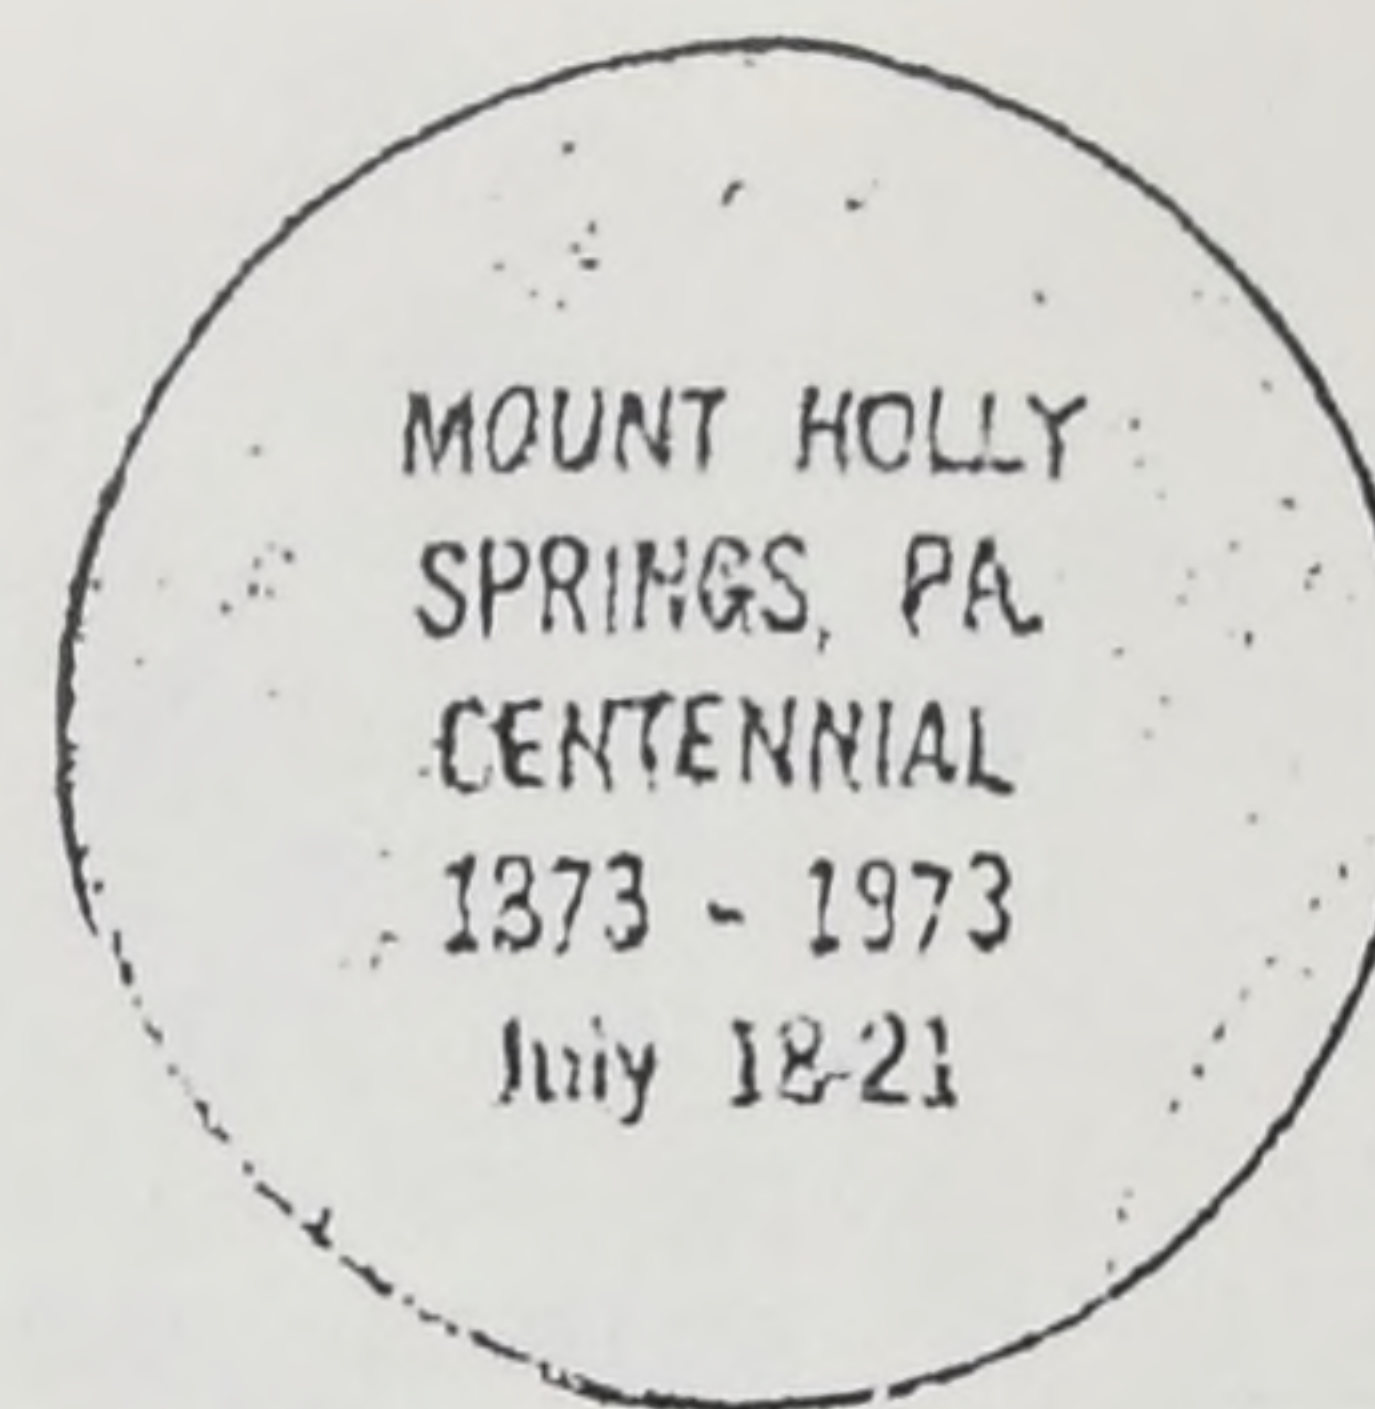

IOWMC WOODS/SOUVENIR PROGRAMS

Our organization has issued a wood for each President since 1964. These cost only 50¢ each plus a self-addressed stamped envelope. Souvenir programs are only \$1.25 plus postage. We also have a 20 piece flat wood set that was issued for the 10th anniversary at Columbus, Ohio. Cost: \$15.00 - only 3 complete sets left.

Recently a member wrote me to mail all woods issued by IOWMC and he was surprised we had so many issues. He also was confused by member's personal issues for our annual meetings, thinking they were our official issue. We have new members joining our organization so if you are interested in back issues please write me and I will send you a list. Please send a self addressed envelope for all inquiries. Write to: Virginia Dennis, Wood Sales, 1852 Golden Shadow Drive, Henderson, Nevada 89015.

by the famous
CARLISLE & MT. HOLLY RAILWAY
of
YESTERYEAR

The famous summer resort, Mt. Holly Park, situated in the southern part of the beautiful and fertile Cumberland County, PA. This Park was in the heart of the pine-covered South Mountains and adjoined the romantic and beautiful town of Mt. Holly Springs, PA.

The Park was connected to the Historic town of Carlisle, by the famous Carlisle and Mt. Holly Railway, and to trolly to Holly over this line was an experience that was never to be forgotten, as it demonstrates to what a high state of perfection Trolly lines and equipment can be brought. The line was built of steel rails and stone ballast, and in its appointments compared favorably with any in this Country.

Mt. Holly Park was easy of access. The most direct route was by the Cumberland Valley Railroad to Carlisle and thence by Trolly to Holly.

Arrangements were made with the Philadelphia and Reading Railroad to land picnics at the Park from points on their-lines east of Harrisburg and Steelton.

The Park was an ideal spot for Sunday School and Church Picnics. The grounds supplied a restaurant, public kitchen, hot water free at all times. Large and small pavilions for shelter and a dancing pavilion fifty by eighty feet, with one of the finest maple floors in the Country.

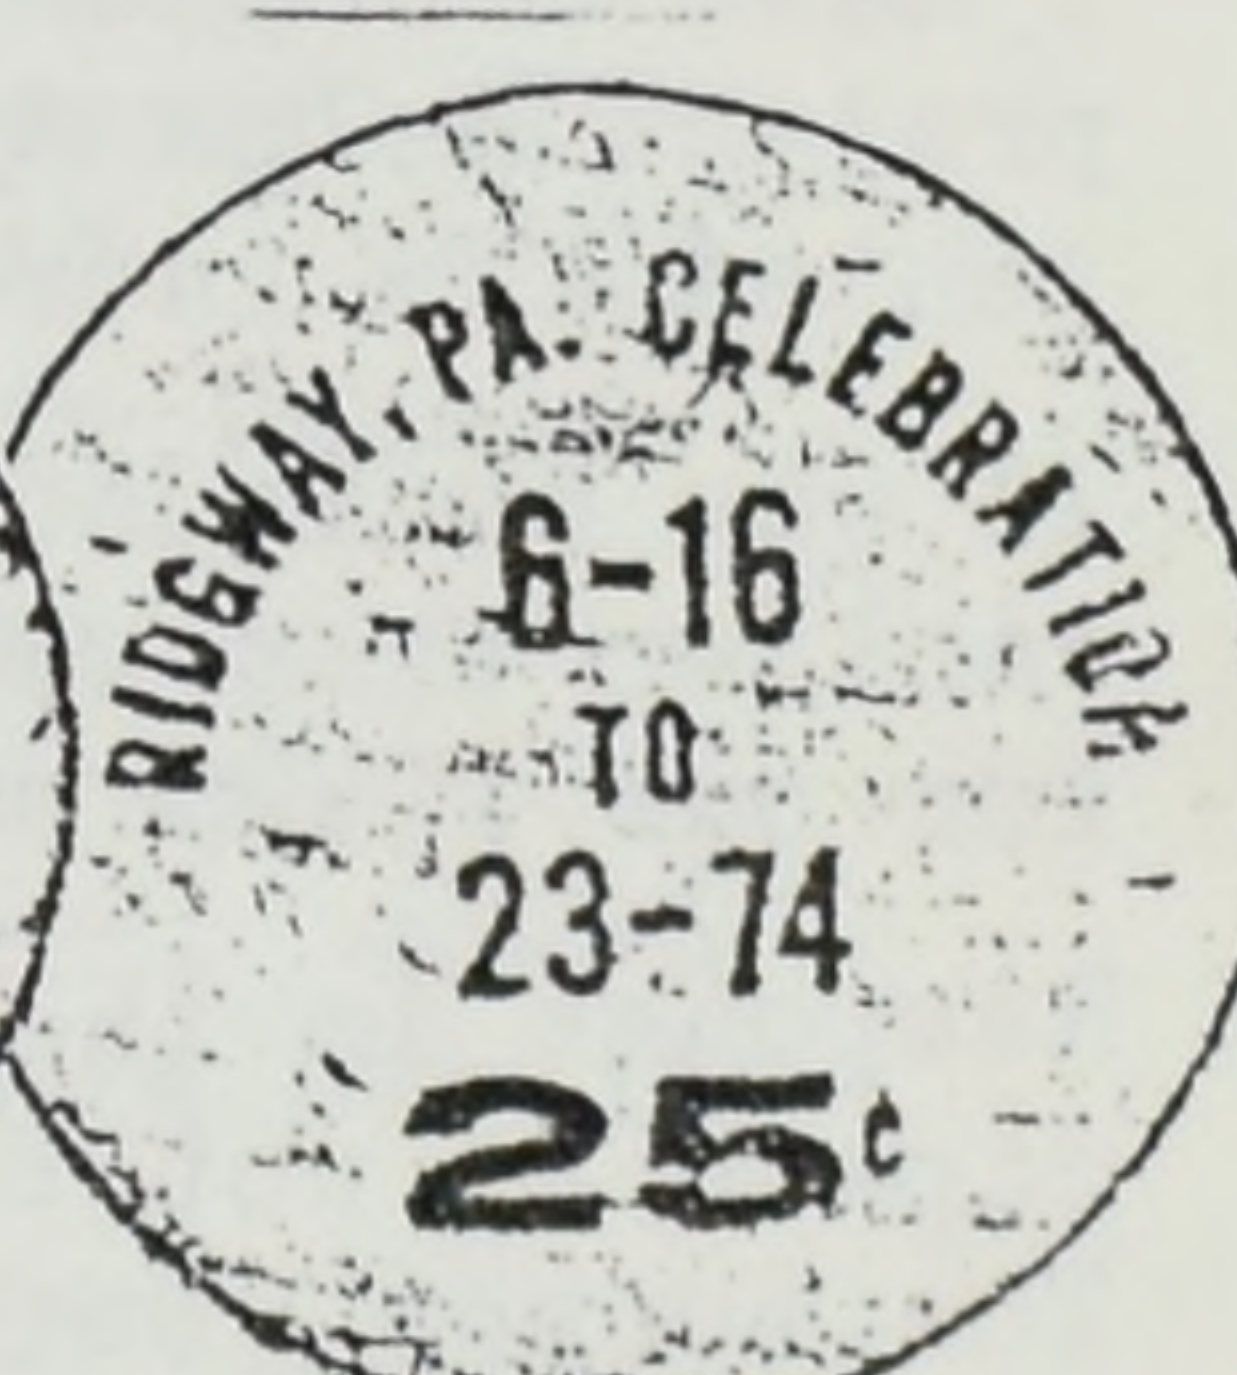

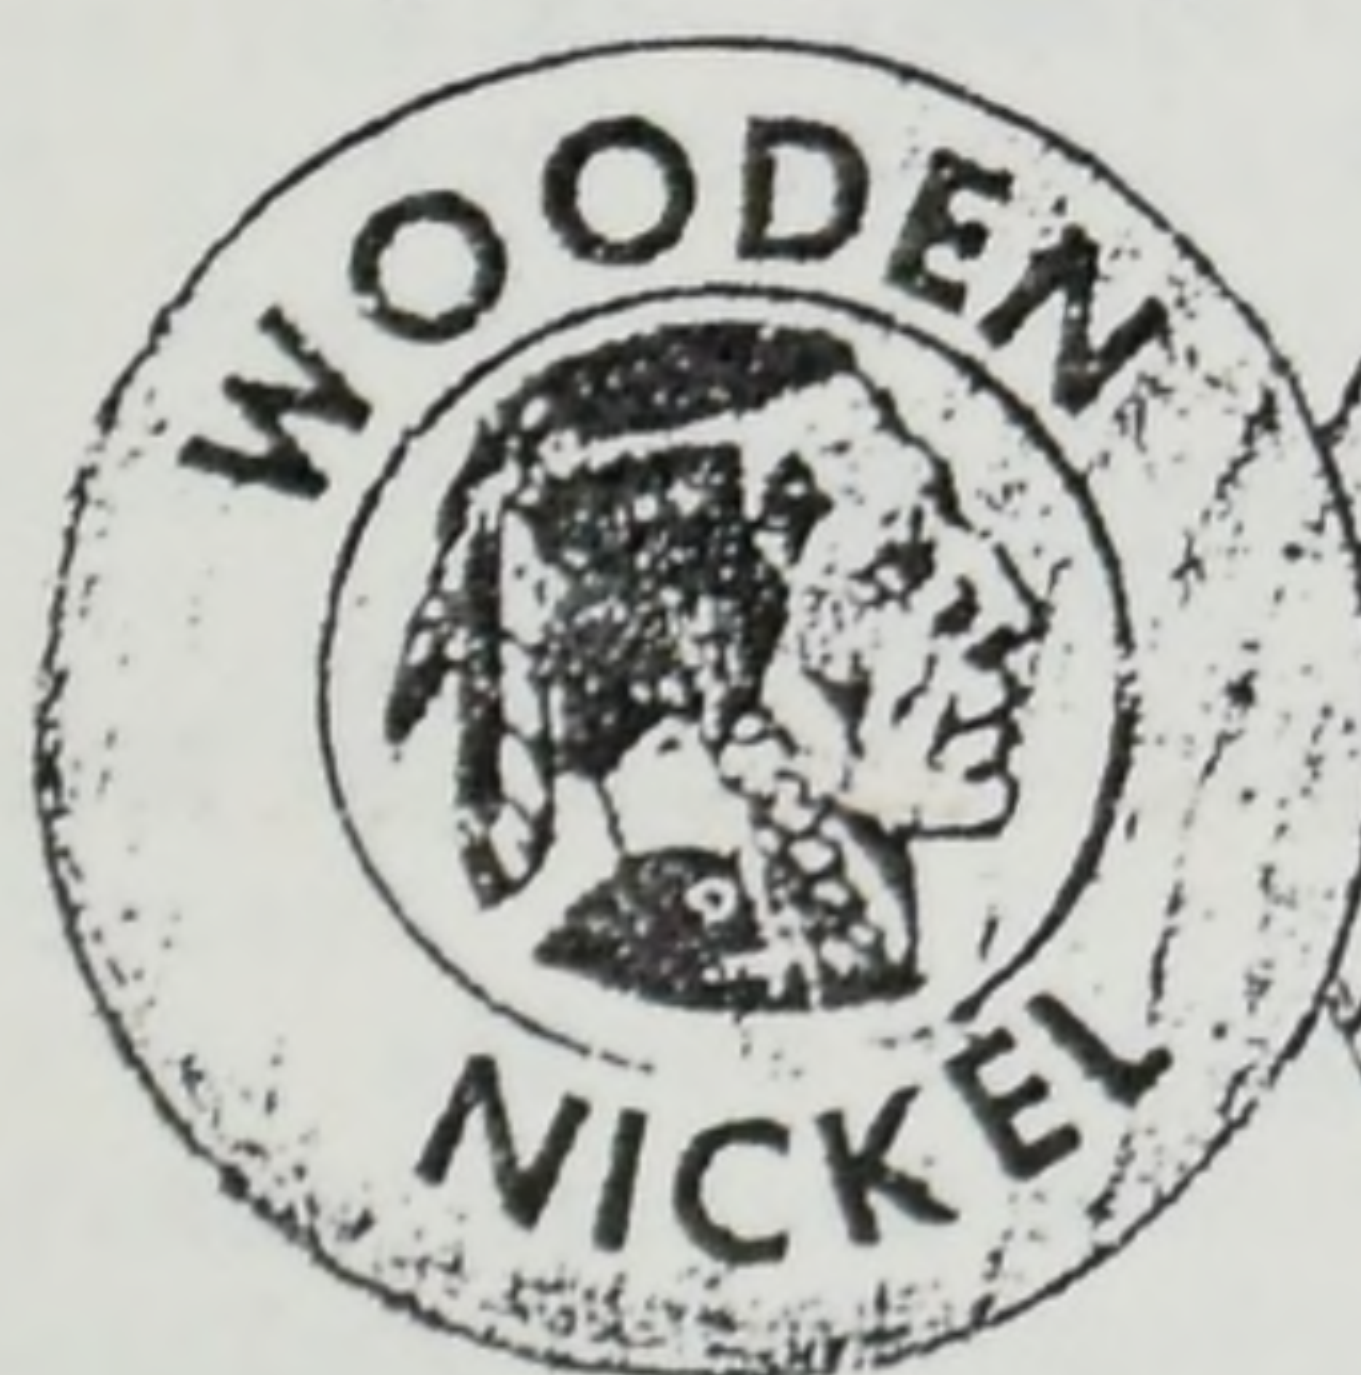

A bandstand stood in the center of the creek. A lake covering 30 acres was a prominent feature. Another feature of the Park was the abundance and quality of drinking water. A pleasant, gradually inclined mountain walk lead to an observatory in the extreme top of the majestic South Mountain, two thousand feet above sea level. Upon reaching the summit of the mountain a panoramic view of the beautiful Cumberland Valley unfolded itself.

Along ghe Gap Pike and through Mt. Holly Park in the dark days of 1863, rode the gray-coated troops of Fitz Hugh Lee and General Ewell on their way to Gettysburg.

During the Revolutionary War cannons were made for the Continental Army under General Washington, at an old forge that once stood in the Park.

Mt. Holly Springs celebrated its first 100 years during the week of July 18-21, 1973. Two wooden nickels were issued for the celebration, one with PA., the other without PA.

County Seat of Elk County

Ridgway is located in the central part of Elk County at an entrance to the Allegheny National Forest.

Named after Jacob Ridgway, of Philadelphia, an original landowner. Ridgway's agent, James L. Gillis, is supposed to have been the first settler. The town site was surveyed in 1883 and incorporated as a Borough in 1880.

Ridgway lies in the Clarion River Valley, surrounded by some of Pennsylvania's most spectacular Mountain scenery.

Ridgway, is the Southern entrance to the Allegheny National Forest, which has 113,000 acres in the county. Bear, deer, turkey and pheasant are in an abundant supply.

In 1974 Ridgway celebrated its Sesquicentennial. Three pieces of wooden money, privately issued, were sold during the celebration. A buffalo and an Indian wooden nickel and a wooden quarter issued by Brock Lumber Company.

Today a set of the 3 pieces are very hard to find.

Clarence Kramer, retired city policeman, community activist

Retired city policeman and community activist Clarence C. Kramer, 81, of Nesco Manor, R.D.1, Drums, died at the Hazleton General Hospital Monday morning.

Kramer, who retired from the city police force after 20 years and eight months of service, was active in volunteer fire companies, Boy Scouts of America, Red Cross, traffic safety and the International Organization of Wooden Money Collectors activities, among other activities and organizations.

He served two years on active duty with the U.S. Navy and was past commander of American Legion Post 76, Hazleton. He was the owner of the Kramer Nesco Manor Motel and grove in Drums.

Kramer was a member of the Pioneer Fire Co., Hazleton, and the Six-County Firemen's Association for approximately 50 years, and also a member of the Butler Township Fire Co. and a volunteer driver for the Butler Township Ambulance Association.

During his police career, then-Mayor Joseph Conahan appointed him a lieutenant, but Kramer resigned to return to patrolman status in 1963. He was a charter member and past president of the Police Athletic League.

He was a charter member and past president of the Hazleton Police Home Association. Following retirement from the city force, he was a guard at Atlas Powder Co., Reynolds.

Kramer served as traffic safety director for the Anthracite Motor Club for 10 years. During that time he organized 97 school safety patrols. He was cited for his outstanding work in traffic safety by the Pennsylvania Motor Federation, the National Committee for Traffic Safety and the Bureau of Highway Safety of the Commonwealth of Pennsylvania.

In the field of sports, Kramer introduced Biddy Basketball to

nials, business and other special events. Kramer's display, which takes an hour and a half to set up, has been on view in Montreal, Philadelphia, Baltimore, and Columbus, Ohio.

The value of Kramer's collection can't be measured in dollars and cents. "I'd like to donate my collection to a museum so that other people have a chance to enjoy what I have for so long."

the Hazleton area and the program grew to five leagues and produced two state championship teams and one national runner-up. As a member of the YMCA swim team, he competed against former Olympic champion Johnny Weissmuller. He was also a member of the Mt. Laurel championship swim team. He was past president of the Boys Work Club at the YMCA.

As a member of the Red Cross for 22 years, he was qualified in all areas of swimming and lifesaving instruction. He taught first aid to student nurses at the Hazleton General Hospital.

He served as a scoutmaster, organized various troops, was an Eagle Scout, received a national award from the Boy Scouts of America and organized the first junior drum and bugle corps in Hazleton.

Kramer was active in the collecting and trading of wooden money and he was a charter member and national president

(1970) of the International Organization for Wooden Money Collectors of Radnor, Ohio. He owned the largest collection of wooden money in the world and was known nationally as "The King of Wooden Money."

He was internationally known for his annual wooden money calendar, which was first issued in 1968 and was a member of nine wooden money organizations.

He served as past chancellor of the Knights of Pythias, was the organizer of the Princes of Syracuse, and served as deputy grand regent for two years.

He also held active or honorary memberships in the following organizations:

Hazle Lodge No. 327, F and A.M., Hazleton; Craftsman Club, Hazleton; Caldwell Consistory, Bloomsburg; held honorary memberships in both the 43rd District Boys Club, Roxborough, Philadelphia and the Hazleton Road Knights; Anthracite Coin Club, Hazleton, charter member and past president for two years, Panther Valley Coin Club, Lansford; Tamaqua Coin Club, Wilkes-Barre Coin Club, Jim Thorpe Coin Club, Pennsylvania Numismatic Associates, Wilkes-Barre; Token and Medal Society, Quincy, Ill.

Also, American Vecturist Association, Boston, Mass.; Middle Atlantic Numismatic Association, Washington, D.C.; American Elongated Coin Association, Philadelphia; Chamber of Commerce, Two Guns, Arizona; St. John's Lutheran Church, St. Johns; American Numismatic Association.

Born in Hazleton, he was the son of the late William and Etta (Kreiger) Kramer.

Preceding him in death were two brothers, William E. and Donald.

Surviving are his wife, the former Mildred Mary Robertson, to whom he was married 53 years; one daughter, Mrs. Wayne (June) Goldsworthy, Drums; three grandchildren; and a brother, Howard, Walbridge, Ohio.

Long may the king reign.

King of Wooden Money.

Wilkes-Barre, PA.

To the average person, a handful of wooden nickels doesn't buy much. But to Clarence C. Kramer of Drums, those wooden nickels have bought a precious kingdom.

In 1970 this retired police lieutenant was crowned "king" of the International Organization of Wooden Money Collectors for having the largest collection of wooden money in the world.

How do you become "king" of wooden money collecting? "I was doing traffic duty when a gentleman asked me if I was a coin collector," Kramer recalls. "I said yes and he gave me several wooden nickels."

"I laughed when I got home and saw that wood with my other coins. The wooden nickels were lying there, just staring up at me with some kind of challenge."

Collecting wooden money was difficult at the time. "It was tough to find. Many people thought that I was some kind of nut. I had to write a chain letter to try and find other collectors."

Kramer's collection consists of thousands of wooden coins from over the world. His wooden coins include actual currency circulated in some 36 states and dating back to the 1930s, as well as promotional issues for bicenten-

QUIXOTIC SIGHTED OBJECTS WITH WIDGETS

By - Hugh Cooper IOWMC #17j3

Last summer I bought a wooden Good For from Fat Cat Tokens of No. Windham, Main, solely because it had a hidden message. It said GOOD FOR MANY QSOs/WITH W1DGJ. I thought I might be able to puzzle it out, but if my best efforts failed to decipher it, there was a name and address I could write to. I stared hard at it for three hours, took a headache powder, and fired off a desperate plea to Mike Ludkiewicz of Ludlow, MA. the man named on the token. I hazarded the guess that QSO meant "Quirky Sinking Objects", and that W1DGJ was a radio station whose call letters were garbled. I begged relief from the headache it had given me.

Presently I received a letter from Mike which put me on the right frequency. He describes the wood thoroughly and adds a lot of fascinating information about himself. Mike's letter is transparent. If I added anything to it, it would be an affront.

The second token Mike sent is good for one ride in his antique Ford. I do not know whether that wood has been listed by AVA, as I do not have all the updates. Mike wrote also that Elbee of San Antonio printed his tokens.

As Mike says, he has passed out a couple thousands of tokens, but only as calling cards, so they must be quite scarce in collector's hands, and they are likely to remain so for some long time.

Mike has sent me permission to reprint his letter, it is very interesting too.

Dear Hugh,

Thank you for writing to me concerning the "Good for many QSOs with W1DGJ" wooden nickel. I found your comments both interesting and amusing! I can understand your confusion since it does contain a "code" that undoubtedly you are not familiar with.

I had these wooden nickels made about 20 years ago and they are used as a "calling card" in connection with my hobby interest in amateur radio. I have passed out a couple thousand of these wooden nickels to friends, radio acquaintances that I have talked with, ect. I have sent them to radio operators that I have talked w-th not only here in the U.S. but to the many corners of the world..... from Brunei on the Island of Borneo to Katmandu in Nepal to Zanzibar off of East Africa to King's Palace in Amman, Jordan. So it does not surprise me that one would show up in Chicago! The thing that I can't understand is why someone would want to part with it?

The "W1DGJ" is the radio call letters that were assigned to my amateur radio station in 1954 by the Federal Communications Commission. The "W" indicates it is a station in the U.S. The "1" means it is located in the New England area and the "DGJ" stands for a 2 way radio contact. So what the whole thing means is that I would appreciate future radio contacts with the recipient. Kind of "thank you for the last one and let's do it again".

The usual exchange after a radio contact with another ham station for the first time is to send a "QSL card" (another ham radio code!). "QSL" means I acknowledge receipt of your radio signals. I have talked with radio amateurs in every country in the world including the U.S.S.R., China and the South Pole of Antarctica. Enclosing one of my "QSL cards", note it also shows one of my other hobbies.....antique automobiles.

The "Good for one ride in my Ford Model T" wooden nickel I had made about 12 years ago and it is now a collector's item since it is acknowledged as a genuine transportation token and is listed in the transportation token collector's catalog. I have had offers from various parts of the country from individuals wanting to purchase one from me but they are not for sale, never have been, since I only pass them out to friends and people I meet at car shows or even an acquaintance like you. It was meant just as a remembrance or an introduction. Some have come to me to "collect" their ride and they have never been refused!

I would be interested to know how you obtained a W1DGJ wooden nickel. Are you a coin collector? Please do send me one of your "woods" and tell me about it.

("73" means Best Regards.)

SUNDAY, FEBRUARY 5 JOE CAIN PROCESSION PARADE BEGINS: 2:30 P.M.

Mobile is justly proud of its Mardi Gras heritage, which dates from 1703, when the French soldiers and Indians at the tiny settlement of Twenty Seven Mile Bluff celebrated Shrove Tuesday in the French manner. With the arrival of the War Between the States, all Mardi Gras and New Year's festivities ceased. At the end of the conflict, the celebrations on New Year's began anew, but the grand procession of the Boeuf Gras on Mardi Gras was not resumed.

The revival of Mardi Gras merrymaking in Mobile was accomplished by Joseph Stillwell Cain, a Confederate veteran, local market clerk and town wit.

On Shrove Tuesday of 1866, attired as Chickasaw Indian Chief, he drove through the Union-occupied streets of Mobile in a decorated charcoal wagon accompanied by six fellow veterans.

This single act brought Mobilians from their depths of despair and defeat, and assured all future Mobilians their rightful Mardi Gras. It is also believed to be the origin of the reference "Raising Cain." In 1966, noted folklorist Julian Lee "Judy" Rayford had the bones of Joe Cain and his wife moved from their coffin-less grave in Bayou La Batre, where they had lain since death in 1904, and had the two re-interred in the Old Church Street Graveyard.

On Carnival Sunday, 1967, a grand Jazz Funeral Procession struck out from City Hall and concluded with much cheering and numerous words of praise for ol' Joe Cain. The annual Joe Cain Procession

(never to be referred to as a parade) has grown to the largest and "Most Anticipated Happening" of the Carnival season, with an estimated 200,000 people taking part.

Always led by the Excelsior Band, which observed its 100th anniversary in 1983, the procession allows everyone a chance to mask, build a home-made float of sorts and participate in what has become a true Holiday for All People.

The current Slacabamorinco is Wayne Dean, Sr., Mobile's Mardi Gras historian and director of marketing at Mercy Medical. He is only the fourth person to personify the Chickasaw Chief.

The Joe Cain Procession is to follow a standard Parade Route, beginning Claiborne and Auditorium Drive, but it has an illustrious history of meandering wherever it chooses.

Sold on wooden nickels

Louis Berkie has built his business around them

By ROB LEIBOLD
Express-News Business Writer

Will Rogers said he never met a man he didn't like. Louis Berkie says he never met anybody who has thrown out a wooden nickel, except for some of his employees.

Berkie, 76, a self-effacing man whose passion seems to lie in making eyes and hearts light up, has been printing wooden nickels for years.

He also is an accomplished magician and delights in the wide-eyed bewilderment of the young and young-at-heart who take pleasure in his tricks — even if they are among the oldest in that proverbial hat.

Like Rogers, Berkie has made friends in high and low places.

"It's amazing," he says, "what people will do when they find out you make wooden nickels."

Name of company

Some of his friends include judges, congressmen and heads of corporations.

Berkie owns and operates Elbee Co., a musty old shop on the sixth floor of the Calcasieu Building at 214 Broadway.

You can get a feeling of the place before you walk in. The dingy entranceway on the first floor sports an old, beat-up couch on a white tile floor. The slow, rickety elevator rocks, sways and bounces at each stop before it reaches the top floor. As the elevator door opens the cluttered appearance of the warehouse/showroom/workshop is fully apparent.

PHOTO BY DENNIS DUNLEAVY

Louis Berkie says that he has made more than 120 million wooden nickels during his years in business.

About half of the area is taken up with aisles of stored wooden nickels that the Elbee

Co. has produced during the years. Against one of the walls are several printing presses

that have been converted to print on 1½-inch diameter pieces of wood instead of paper.

"Those printing presses are 75 years old," Berkie says, adding that they have churned out more than 120 million wooden nickels in the years he has been in business.

Another part of the store offers a variety of novelty and magic items. Dust covers much of what many people would consider worthless stuff. Others would find items stashed in drawers or hidden in the aisles, treasures that intrigue and enlighten.

Berkie has bought novelty items from about 10 stores that have either gone out of business or the owner has retired. Some items have been in his store for years. He has a stack of picture cards of the Alamo he has tried to sell to the Daughters of the Republic of Texas to sell in the gift shop. They won't take them, he said, because they say the pictures are of inferior quality. He has some pennants and other memorabilia from HemisFair in 1968 that still are on the shelves.

Favorite items

Years ago Berkie bought some \$300,000 in fake Confederate money, most of which still is on the shelves. The store has a hodgepodge of stuff — gag gifts, funny and X-rated greeting cards, plastic snakes and other reptiles, decals, signs, political buttons, "screamingly funny" cartoons and more.

Berkie's favorite items are the magic supplies. His favorite magic trick is the ball and vase, in which a ball magically vanishes.

"This is the first trick I'd sell to any kid. When I first started doing this trick 5-year-old kids would figure it out. Now it's down to about 1½ years be-

See BERKIE, Page 7-K

Continued from 1-K

cause of television. They know what's going on more now," he said.

Most of the magic tricks are inexpensive, and Berkie has had fun with all of them. However, most of his magic tricks have been around for years and are the standard tricks of many magicians.

"Kids come in with their parents all the time. The first time they come, and it's great, they love you. The second time you're still OK. On the third time, they want to know what you have that's new," he said.

While Berkie likes the novelties and magic tricks, most of his business is in wooden nickels.

"About 99.9 percent of my business is in wooden nickels," he said.

There are about five companies in the country that make wooden nickels, but Berkie says, "I'm the only one who really makes a living out of it," adding that he prints 3 million to 4 million a year.

Most of his business involves responses from classified advertisements in specialty magazines such as hobby and coin magazines.

He got into the business after he saw an advertisement in Billboard magazine that offered 100 wooden nickels for \$1.50.

"The ad said you can make a million dollars. My saying is, 'I've made a million but not dollars.'"

He has printed wooden nickels for politicians, companies, VFW associations, Elks clubs, beer joints, clubs, hobby shops, cafes, drug stores, Boy Scout troops, coin shops, family reunions, weddings, births and other events and organizations. Orders have come in from as far away as Australia, Laos, Germany and Canada.

Elbee's biggest order — 220,000 wooden nickels — came from Church's Fried Chicken Inc. a few months ago.

"I'm not really set up for the big orders like that, but I like a challenge," he said. Most of his orders are for between 500 and 10,000.

U.S. Rep. Henry B. Gonzalez of San Antonio used to buy wooden nickels from Berkie to give to potential voters, but he no longer does.

"I asked him one time, 'How come you don't buy wooden nickels anymore?' He said, 'I don't need them anymore.' He ended up buying 25,000 to 30,000 before he stopped."

Berkie was born in Dallas and grew up in New Orleans. He started his first store, a fruit stand, in San Antonio in 1932. He was in the U.S. Army from 1943 to 1946, and was sent to the Philippines on Sept. 2, 1945, one day after the war there ended.

After the war he returned to San Antonio and opened a magic shop. He has worked out of several locations but spent 16 years in a store at 821 W. Commerce St.

He moved into his present site about 10 years ago.

Now, he wants to liquidate the novelty and magic inventory and concentrate entirely on printing wooden nickels.

Berkie has been putting smiles on people's faces for about 35 years in San Antonio and doesn't plan to quit anytime soon.

While he agrees with the saying, "Don't take any wooden nickels," he believes in people giving them away.

"I have never seen a wooden nickel thrown away, except by my employees."

Berkie built firm on wooden nickels

Dear Members:

This month (APRIL) nominations of Officers will be accepted. You will read elsewhere in this issue the official call for nominations. Send your nomination (s) to: Allen Nystrom, Box 17183, Seattle, WA. 98107.

You know there are members who really give all they have to make an organization viable. This month I take my hat off to Virginia and Wayne Dennis. Here are two members that have worked for IOWMC for many years. If you hadn't noticed, they have acquired more new members in 1988-89 for IOWMC than all other members in total. They head the fund raising projects for IOWMC, they issue and distribute all the past wood souvenir Programs, the Past President Woods, and the official programs of IOWMC. They sent a letter last month that they have acquired some table favors for our 25th Anniversary Luncheon. They continue their efforts for who - - YOU AND I. Virginia and Wayne Dennis "thank you" for all your work for IOWMC.

NOW, how about YOU - - YOU can really help IOWMC. Read the February Issue of Bunyan's Chips President Message. I have asked for YOUR HELP. Won't you take a little of your leisure time to assist us. I hope you will.

Let us hear from you -

Sincerely

 Walter H. Riley
 President, 1988-89

Crisis Of Confidence

There's a crisis in the hobby. One that results not only in a loss of money by innocent collectors, but also in a loss of confidence in mail order transactions.

While others pass this off as a risk of free enterprise, it is our goal to serve and protect the interests of our valued subscribers. By insisting that all NUMISMATIC NEWS advertisers pass a strict screening policy.

We further affirm advertiser integrity through an intensive "blind testing" program, and recognize sound business practices with the Krause Publications' Customer Service Award.

There may be a crisis in today's coin hobby, but at NUMISMATIC NEWS we're hard at work to maintain full confidence in mail order dealing — today, and in the future.

NINA MORAIN NYSTROM

I.O.W.M.C. # A-1674

SEATTLE, WA.

I was born August 22, 1906 in Neodesha KS. a small town where my father was a Baker. Of course we moved around quite a bit, I said then when I get married I'm going to stay put. Well I got married had a son but it didn't last so I came out to WA. to live with my father again. My son helped the drug store owner deliver his orders, he paid him in Canadian large cents and a close neighbor gave him a lot of stamps, well it seemed that it all goes together so when my son died in 1962. He had a nice bundle of flat woods so the grandson gave them to my husband Allen (450 - flats) well the rest is history.

I have always saved about everything and anything so we have kept it up. I joined a coin club University C.C. in 1963 have served in several offices including 3 years as President, was appointed Membership Chairlady and later Treasurer of the P.N.N.A. still in same and have joined so many clubs it would take another page to tell about them. We do attend most of the A.N.A. Conventions in the past 12-14 years, been a member of the Ration board and helped on a survey of the M.V. I had a complete set of the Red Points to begin and have given talks and shown them several times.

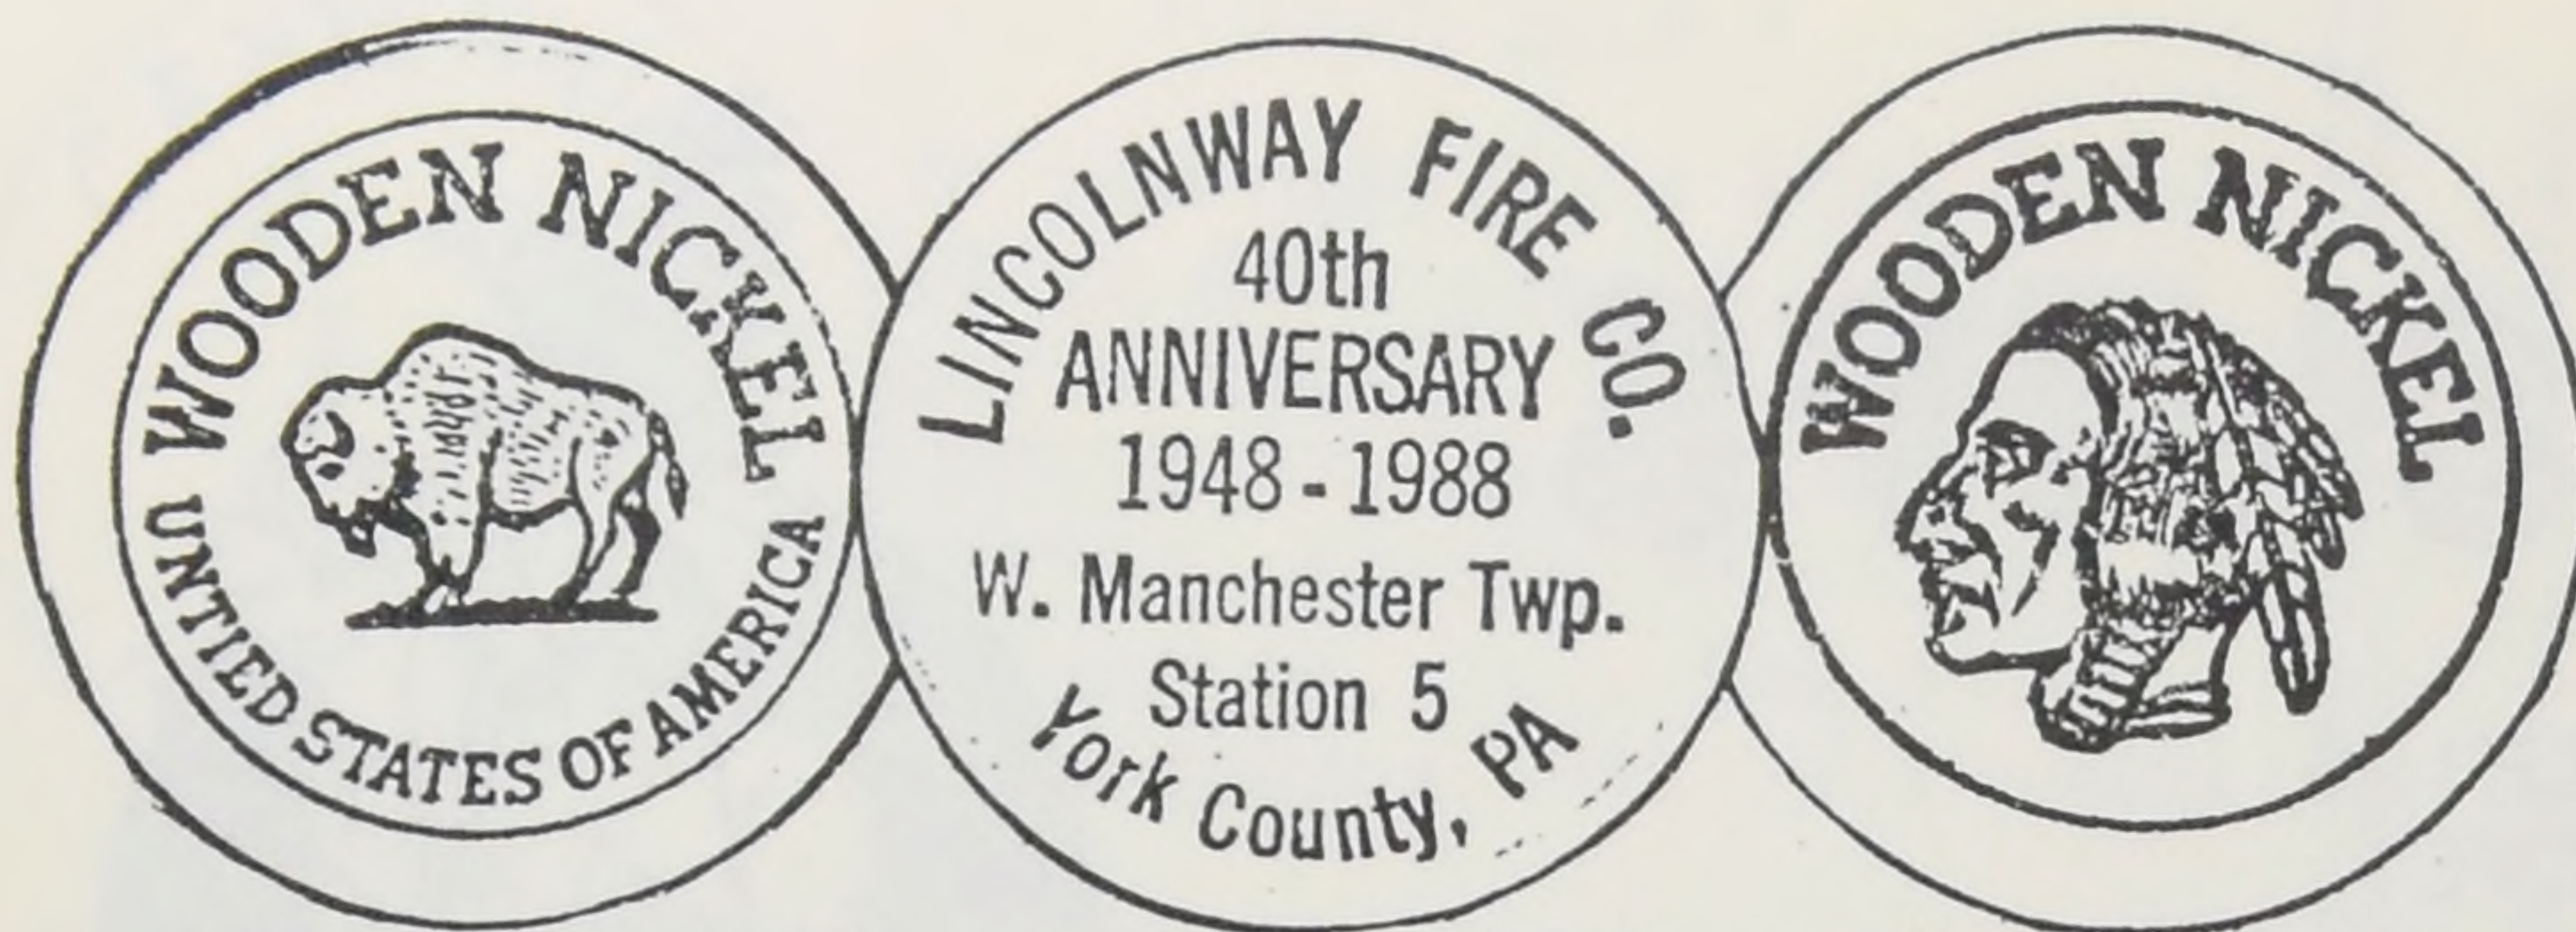

Recieved the Ambassadore Award in 1979 along with my husband Allen. It was awarded thru the Numismatic News by Clifford Mishler to us.

Take it from one who loves the hobbies its GREAT and all the wonderful friends we have net over the years in them.

STOVE BOAT

The moment of danger, when the boats drew near
the whale, was recorded in all its variations in count-
less paintings, drawings, prints and scrimshawed
whales' teeth. If the whale were invested with malice,
then the action would appear more perilous, the
actors more heroic, the scene more dramatic than it
usually was. In fact, if not in paintings or in novels,
most of the casualties suffered in the fishery were
accidents, resulting from the wounded whale's blind
efforts to escape, not from his aggression.

CRAPPIETHON 1989 — The second annual Grand Lake St. Marys Crappiethon officially begins tomorrow, and the event's stage was set Thursday when some 1,210 tagged crappies — worth up to \$317,253 — were released in the middle of the lake. Kicking off the 1989 tournament, left to right, top, were St. Marys Chamber of Commerce Director Earl Stigler, Lake Improvement Association President Dick Purk, Celina Chamber Director Mike Balfour, and Ohio Division of Parks Chief Stan Spaulding. Bottom, Celina Junior High School Student Dan Kimmel, 12, holds up the tourney's top prize, Tanglefree Tom, worth up to \$60,000 depending on equipment used when — and if — he is caught.

A REAL TRUE FISH STORY

"It's better than the Lottery", according to the organizers of "Grand Lake St. Marys" second annual "Crappiethon". Which start April 15, 1989 to June 13, 1989, offering anglers a shot at 1, 210 tagged crappies worth up to \$317,253 in cash and prizes."

All anyone needs to catch some prize money, from \$25.00 to \$60,000 per fish is a \$5.00 official Crappiethon Badge, available at all Lake Landings and many other area Businesses.

The tagged fish were released Thursday April 13, 1989 in the middle of the lake on the theory that they then would swim in every direction, giving everyone an equal shot at the prizes.

A tagged fish must be alive, with the hook still in its mouth, to collect any prize money. The tags, located at the back of each crabbie's spines, are numbered, anyone catching a tagged fish should "call the place where they bought the badge and they'll tell you what the prize is and where to take it to collect".

There will also be a "One-Day Tourney" again this year. Entry fee for this event is \$50.00 per team, with local payoffs of \$2,000, \$800. and \$500. for the top three. The top three local teams will qualify for the "Classic Tournament". They will compete with other teams from 36 one day tournaments across the country.

For more information call "Crappiethon Headquarters" (205-353-8447 or write to: Mr. Clare W. Geren, 400 E. Warren St. #12, Celina, Ohio 45822. Send 75¢ for postage.

Middle picture show's the "Real Tanglefree Tom", and the bottom one show a "Cartoon of Tanglefree Tom".

Mail bid sale closing date July 1, 1989. All oblong woods unless noted (R) round, (CC) coin club, (*) first issues. Bids are final no buy or unlimited bids accepted. successful bids postpaid. any unsatisfactory lots may be returned within 15 days of receipt at my expense. a whale of a wood

By Charlie Matsuda

The fourth series of Hawaiian Endangered Wildlife wooden tokens is a whale of a token. It features the Humpback Whale or Kohola on the obverse of the woods. These whales can be seen off the shores of the Hawaiian Islands from Diamond Head coast to Waikiki on Oahu; Lahaina, Maui; Penguin Banks, West Molokai; and on the Island of Lanai. They migrate from the polar latitudes in the Northern Pacific to the tropics during November until about late March. Hawaii seems to be one of their favorite places for breeding and calving activities. The calves are usually born about January or early February. Drinking the rich milk, they grow very rapidly, preparing for their long journey North. At adulthood, the calves can grow to about 30 to 45 feet, weighing over 40 tons. They are a great local and tourist attraction in the islands.

The manono, a native Hawaiian plant found only in Hawaii, is the reverse of the wooden token. These plants bloom with a light greenish or white flower that bear a ripe cluster of purple-blue fruit. They are usually seen by hikers in the mountain forests of the islands.

The wooden token will be sold for 25¢ plus a self-addressed, stamped envelope. Address it to Honolulu Coin Club, P.O. Box 6063, Honolulu, HI 96818.

WANTED: 2½ x 2½ inch Mylar type cardboard holders with a 2 inch window. Bob Brown, P. O. Box 124, Highspire, PA 17034.

The Middletown Historical Society has issue a set of two woods for it's 14th Annual Colonial Craft Fair. The woods are available at 2 for 25¢ plus an SASE from the Middletown Area Historical Society, P. O. Box 248, Middletown, PA 17057.

TENINO, WASHINGTON 98589

I am Jacob V. Scott (Jake) IOWMC # 1853, I am old enough to remember the depression but was young enough to be drafted in 1942. I am not a collector so, this is not a portrait of me but one of the Tenino Depot Museum, owned by the Town of Tenino and operated by the South Thurston County Historical Society under a town ordinance. The building is a train depot built in 1914 of local sandstone and moved to the city park in 1975. The mover was paid with a wooden check for \$30,000. Tenino is the home of the first legal wood money used as script when the local bank closed in the 1930's. The Tenino Wood Money Society and STCHS have been printing wood money for souvenirs and fund raisers on the original press now housed in the museum, the latest being a Centennial issue for Washingtons 100th. year in 1989.

Besides the press and wood money collection the museum has a 1930 doctors office, millinery shop, RR ticket and telegraph office, old logging and quarry tools and a short slide show of old local scenes.

If you plan to visit the West try to get off the freeways and visit Tenino. Remember our history is much newer than your history in the East. We welcome tour busses. For more information on our wood money or our museum write to STCHS P.O. BOX 339, TENINO WA. 98589

We Grade Advertisers

For a coin to rate an MS-65 designation, it must satisfy a certain set of standards. The same holds true for NUMISMATIC NEWS advertisers. Over the years we've set our own standards and we spend thousands of dollars annually, in an extensive "blind testing" program, continually affirming the integrity of our advertisers. Those that score high receive our seal of approval — the Krause Publications' Customer Service Award.

Like an exceptional coin, our advertisers represent the highest quality in the industry. Which means you can rely on Numismatic News to provide an atmosphere of trust for both buyer and seller.

THOMAS M. CORSE

IOWMC. #1327

CRANSTON, RI.

I was born on February 21, 1925 in Providence, RI. on a cold wintery day with three feet of snow on the ground. I served in the Navy during world war II and took part in D-Day, the invasion of NORMANDY JUNE 6, 1944 as a hospital corpsman.

I was married on Labor Day Sept. 3, 1956 to Olga and we have two children Lisa Jean and Thomas and one grandson Robert. I worked as a driver salesman for thirty years for several milk companies before I had to take a disability retirement.

At the present time I am trying to enjoy the many hobbies I have. My main interest in Woods are Rhode Island woods and Christmas woods. I also collect Lottery Tickets, Business Cards, Autographs, Buttons, Pins, Jokers and Tokens just to mention a few. I am looking for the Coin World tokens from the 1986, 87 & 88 convention. Besides the IOWMC, I belong to several other clubs, DWMC, UACC, ABCC, CCRI, LRBC, RIBS and the AARP.

I did make one convention in Boston, MA. but because of my disability I do not do much traveling as I used to do. I will be happy to hear from other members and hope some will send me some Lottery Tickets and Business Cards from their State, any help will be greatly appreciated.

I will be happy to help members with their other hobbies, in any way I can from this area, if I possibly can -- feel free to write me about your wants.

Best Wishes and Good Collecting to All!

NEWS

Bunyan's
CHIPS

Vol. I

July 10, 1964

No. I

Due to not having a membership roster and therefore no news items from collectors, this issue will be an editorial. However, in the future it is hoped that we will have enough items from collectors to make up a bulletin.

Since I am a collector of coins, stamps and wooden money, I decided we should have a working organization for wooden nickel collectors.

In the past four years I have built a large display. I use this in giving club talks and for display at coin shows. I have been guest speaker for at least 20 clubs throughout Ohio and have displayed all over Ohio as well as Morgantown and Parkersburg in West Virginia.

By doing this I have interested many persons into becoming collectors. However, my help is limited as far as supplying them with duplicates. Even though I am interested in their continuing help will have to come from other sources. I felt a bulletin for a period of at least six months containing swaps, trades and news items might encourage them to continue and also help the people who have been collecting over a period of years to band together and form an organization to help one another whether he be a new collector or a fellow who has collected over the years. There are new

pieces being issued all the time and it takes everyone helping to keep the lists up to date.

I will print this bulletin for a period of six months or through December 31 1964 for just six (6) 5¢ stamps to cover postage. I will furnish the paper, ink, stencils and time if you will all pitch in and help with the following:

1. Report on new issues with the name and address of who to contact as well as the price so collectors may obtain the nickels.
2. Report on shows and activities in your area.
3. Send a list of duplicates as well as a want list.
4. Items that would help other collectors.
5. Suggestions on electing officers, holding a convention and also on dues.

The question will probably arise as to what is in it for him that he will do all this. Frankly, I am in the same boat as all of you. I also have many duplicates as well as most of you but have no place to dispose of them. On the other hand I need many and don't know where to obtain them. We are very definitely in need of an organization of this sort as some of mine would fit in someone's collection, say in Torrington,

Our Secretary Toni Cichy corresponded with the Morningstar's in regards to the forming of IOWMC. Wendell & Thelma Morningstar went to the task of getting copies of the first three issues of Wooden Nickel Collectors News which was changed to Bunyan's Chips after the club was formed. Toni forwarded the copy plus the formation write-up that I will use in this & other Bunyan's Chips issues. THANKS Wendell & Thelma and Toni --- Editor

JUNE PRESIDENT MESSAGE

Dear Member:

During my term of President I have had the good fortune of working with an outstanding group of Officers, Editor and Board of Directors. Each and everyone of these individuals has at times did things to assist the advancement of IOWMC for its members.

In addition to those who are elected to office, appointed by the President, our members also have shown interest in the betterment of IOWMC. We have had members who have made donation of money, given items for the Annual Raffle at our general meeting, acquired table favors and attendance prizes for our 25th Anniversary Luncheon. We also have a member who sent me a letter and said, "I am in the process of making a special item for each table (7 tables - 8 place settings) at our 25th Anniversary Luncheon to be given the lucky ticket holder at each table. Believe me, the items being made for the lucky ticket holder at each table is just great. He doesn't want me to relate what he is making for such, he wants it to be a surprise.

What else has been going for the IOWMC - Well, we have had great news coverage of our hobby in Numismatic News, Coin World, and the Numismatist. Also, the American Numismatic Association has worked with us, making available a meeting room for our meeting in Pittsburgh, and assisting us in making it possible for our 25th Anniv. Luncheon to be held on the same site as the A.N.A. Convention, The David Lawrence Conv. Center. Ruth Ann Brettell and her Secretary of the ANA has been very cooperative with us in putting together our plans for this year in Pittsburgh. Believe me, as your President I am very pleased and appreciative of all that has been done for us.

Now, my good friends and members, I hope I hear from you in the very near future that you will be attending our 25th Anniversary Luncheon with your check made out in the amount of \$12.50 per person to IOWMC.

I want to thank all of you for all your assistance and continued support in making the IOWMC a better organization for its members. If your support and assistance continues, we will have a banner 1988-89 year for IOWMC.

JULY PRESIDENT MESSAGE

Dear Members:

I hope Bunyan's Chips is published in the month of July so you will read the Presidents Message as to our 25th Anniversary Luncheon.

We have made arrangements to have our luncheon on Saturday, August 12th at 1:00 P.M. at the cost of \$12.50 including tip and tax per selection, and the choice of your luncheon selection is - Southern Fried Chicken or Schord (fish).

It has been scheduled to be held at the David Lawrence Convention Center -- the same building of all the American Numismatic Assoc. activities. This was done so, to make it as easy and convenient for most of our members, with-out a lot of travel by car, bus, or on foot. We also attempted to schedule this gathering to have the least conflict with any other activities that we thought most of our members would like to take part in and still be able to attend our 25th Anniversary Luncheon.

Well, why I am belaboring the subject of our 25th Anniversary luncheon. At this writing of the President Message in the month of June - - We have just ELEVEN (11) luncheon reservations thus far.

If YOU were the President of IOWMC after numerous letter writings, twenty or more phone calls at your own expense to make arrangements for the 25th Anniversary Luncheon, and have a response of only Eleven (11) luncheon reservations, WHAT WOULD YOU THINK?

So my good brother and sister members - YOU had better get to me RIGHT AWAY - your - check and luncheon selection - - because you may be telling me something in silence that I hope does not come about. WELL ITS UP TO YOU - - -

This will no doubt be the last President Message before our meeting in Pittsburgh. I would like you to know that it was a pleasure for me to had been President of IOWMC in its 15th year, and this year in our 25th year as an organization for the advancement of Wooden Money Collectors. HOPE TO SEE YOU IN PITTSBURGH -

Very truly yours
Walter H. Riley

DONALD LUNDGREN IOWMC #363

GELVIN (Corky) AYERS IOWMC #607
Deceased May 14, 1989

The Officers and Members of IOWMC.
extend our sincere Sympathy to our
truelly missed members family.

California hobbyist passes away

Coin collecting lost another of its leaders when Gilvin "Corky" Ayers, 74, passed away on May 20 in Pomona, Calif. Ayers, who remained active in the hobby up until the time of his death, was serving as president of the Numismatic Association of Southern California, on the board of directors of the California State Numismatic Association and as treasurer for the Upland Coin Club of Upland, Calif.

According to his wife Awanda, Ayers began collecting coins prior to the Depression, but became seriously involved in hobby activities following World War II.

Over the years that his hobby interest burgeoned, Ayers served as an officer of various California state and local clubs and became a well-known figure at California conventions.

His list of hobby credits includes having served as a board member and past president of the Convention of International Numismatics and as a general chairman for a California State Numismatic Association convention. He also held several positions relating to the annual NASC convention, including bourse chairman and security chairman.

Ayers counted among his collecting interests wooden nickels, love tokens, circus memorabilia and credit cards. He recently received a second-place literary award from NASC for his article, "How I Got Started Collecting Credit Cards," which appeared in the winter 1988 issue of *The NASC Quarterly*.

He was also a member of the International Organization of Wooden Money Collectors, the American Numismatic Association and a 25-year member of the Token and Medal Society.

CANIDATE FOR THE OFFICE OF PRESIDENT for 1989/1990 term in IOWMC.

Sally Kirka -- I have been nominated for President of IOWMC. If elected I will do my best to do a good job. The last time I was President my husband was a very sick person and was in the Veteran Hospital most of the year. This made it a very rough year trying to care for him as well as being president of IOWMC. My husband came home from the hospital and passed away shortly after my term ended in Detroit. So now have more time so I will work for IOWMC and try to do a good job. The IOWMC has many fine people in the club and some are very good workers, so lets keep or club going. No mater who is elected lets all help to keep this the best club around. Thank you for asking me to run for President. Win or lose, all I can say is like our past lady governor said, I love you, I love you all. At present I'm serving as a Senior Advisor and District Delegate at large for the ANA.

CANIDATE FOR the FIRST VICE PRESIDENT

DEAN T. HART -- I am 37 years old, married seven years to Michele and am employed by the New York State Dept. of Transportation. I have been in Wood collecting for several years and at present serving my term as 2nd Vice President in IOWMC. I have not been very active in woods this winter because of my job. I hope to be able to contribute more to the Club at the Convention in Pittsburgh. I have tried to collect NY. and PA. woods also Spruce dollars from Canada. If elected I'll serve IOWMC the best possible.

ORIGIN
OF THE
VODOO NICKELS

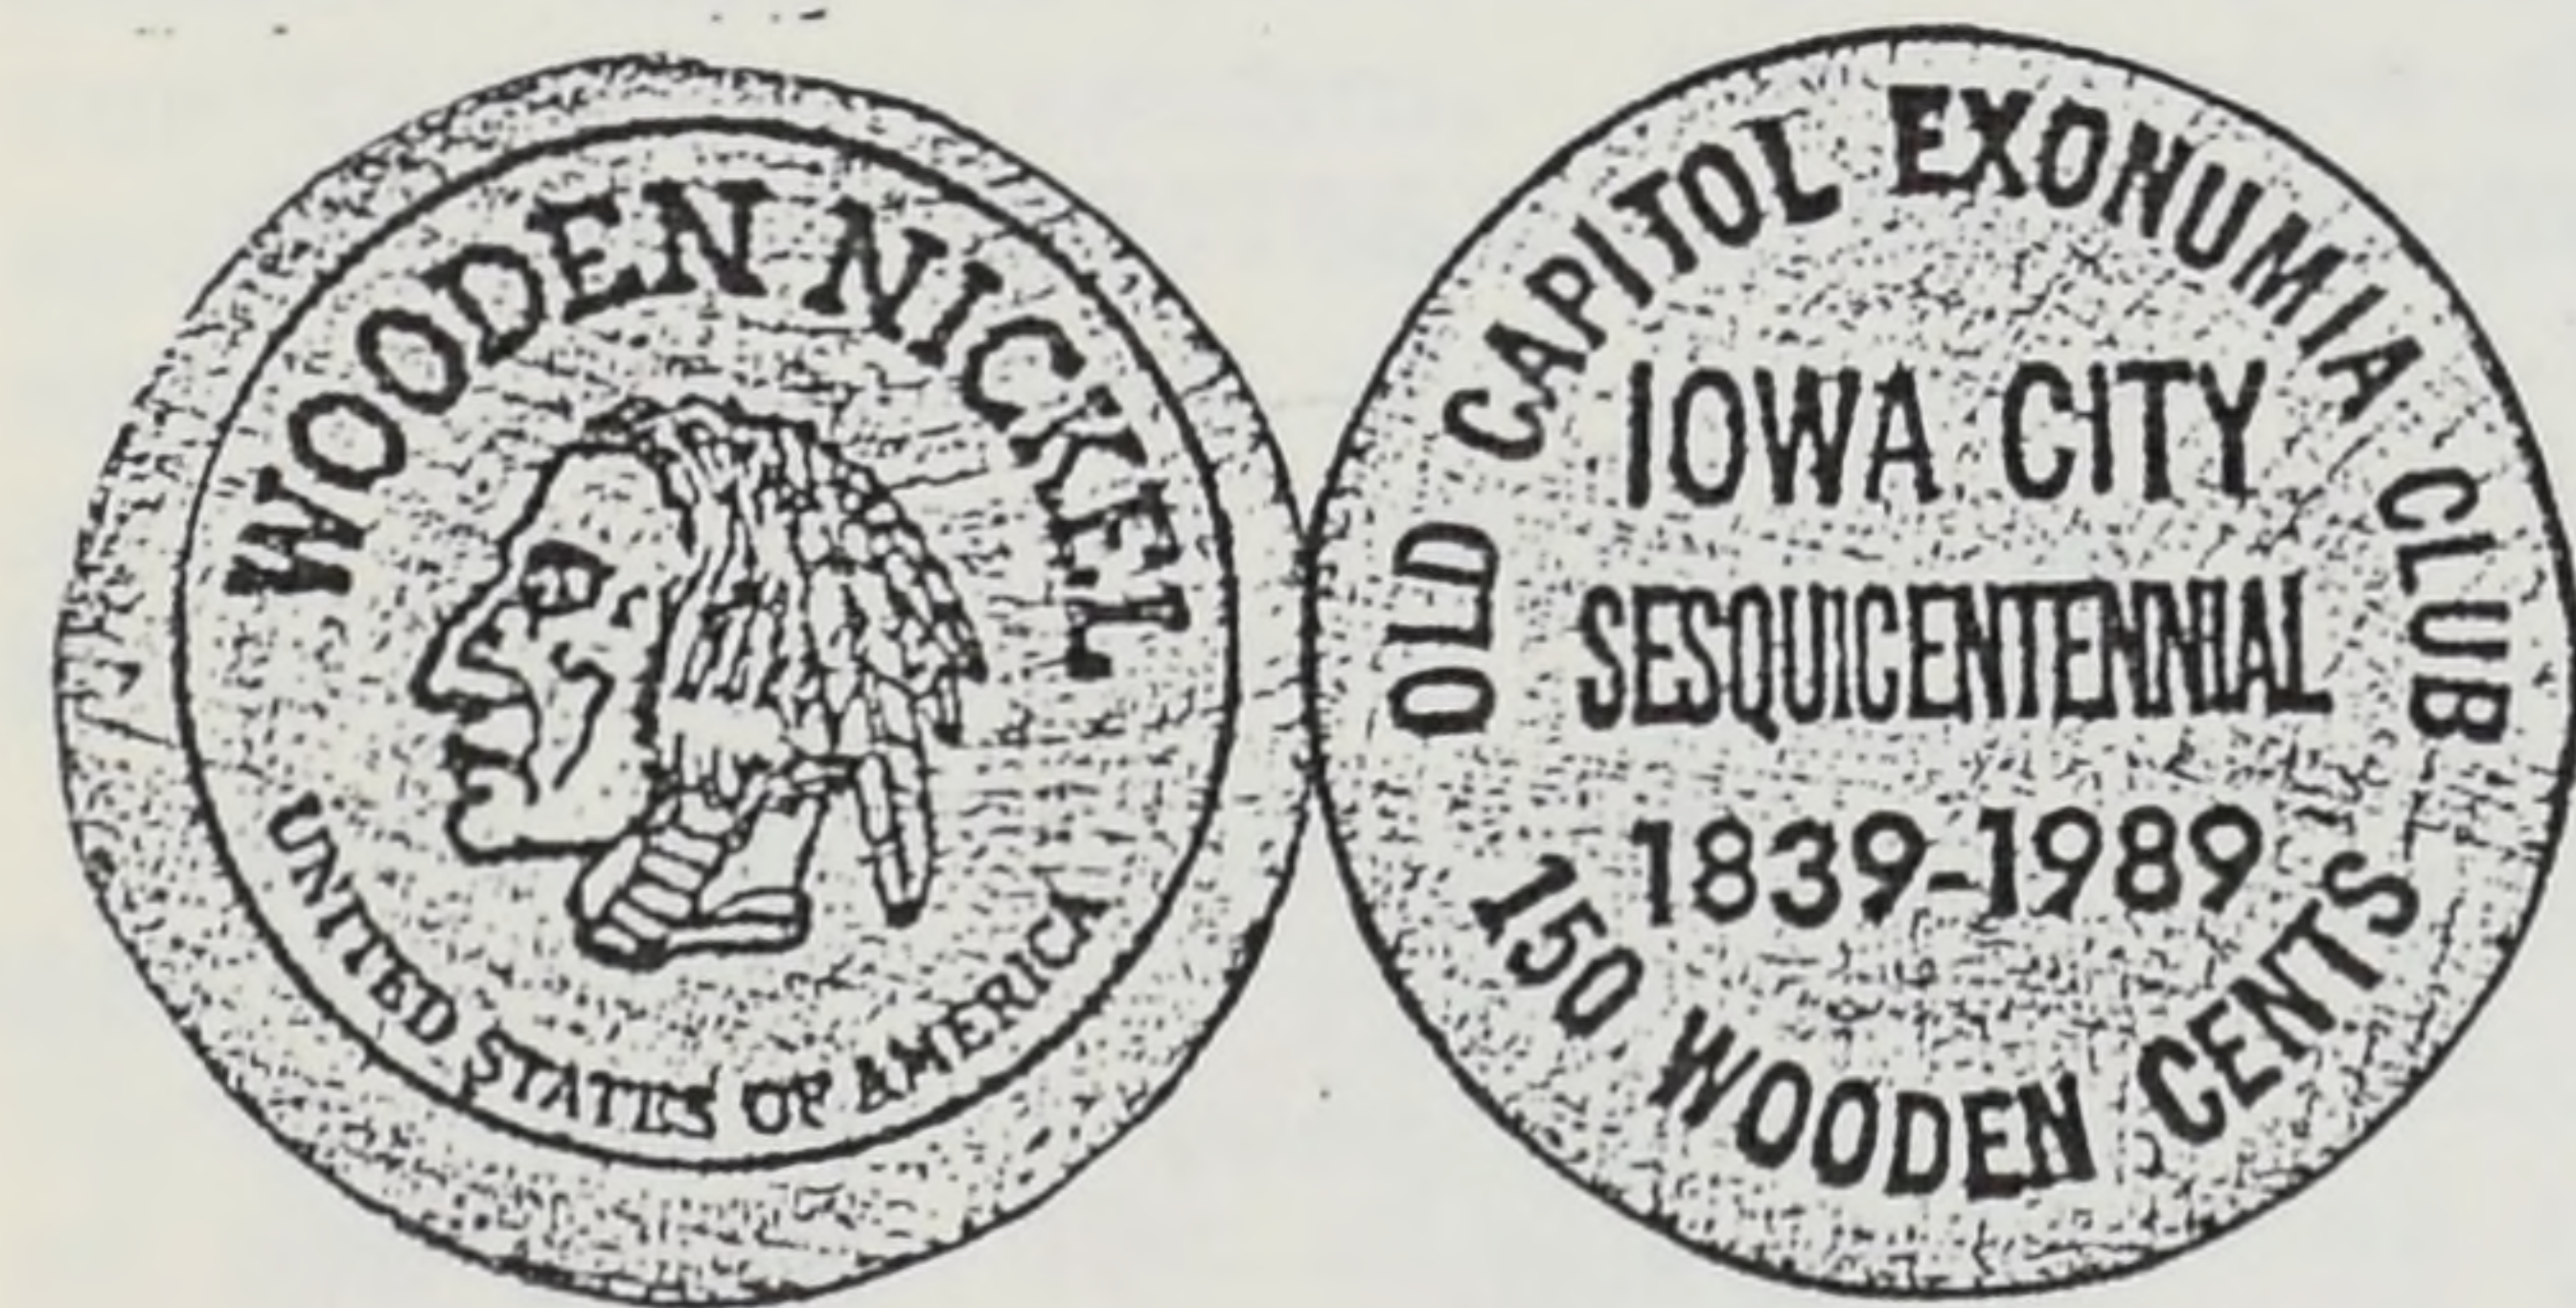

WE (The Wooden Money People) are now engaged in a great Civil War with the employees of Postal Services of the United States and Canada. We try to sneak as many Wooden Nickels thru the mail in one piece as we can. They try to see how many pieces they can make out of one Wooden Nickel. I recently sent a member in Canada four Wooden Nickels and he recieved them as eleven pieces in a plastic bay marked SORRY about that. I'm sure that is not a record, but its a pretty good average. So far we have been losing most of the battles, but we haven't lost the war yet if I have anything to say about it. I hate to resort to "Black Magic" but desperate times demand desperate measures. So I designed the first Voodoo Wooden Nickel and ordered 1,000 printed from the Elbee Company in Texas.

That was the easy part. Now I have recieved the Voodoo Nickels and I'll have to number them 0001 thru 1,000. Each Wooden Nickel will be cursed individually by myself before being placed in the envelope for mailing. Sometimes being a warlock has it's advantages. You may request a certain curse on each of your Voodoo Nickels, or I will assign one of many curses to your set of Wooden Voodoo Nickels. Only one curse per wood (four curses per set). As an apprentice warlock, I can only apply one curse per object. Be careful when handling your Voodoo Nickels.

The curses are meant for Postal Employees, but the curse will befall the person closest to the Voodoo Nickel when it is broken. I'm sorry, but that is the best I could do. I'd told you I was only an apprentice Warlock. I will enclose a paper with the curse applied to each numbered Voodoo Nickel. I will also keep a master list of the curses applied to all 1,000 Voodoo Wooden Nickels. You may request a copy of the master list (by number only The names of the person owning Voodoo Nickels will not be released) at any time by sending me a SASE. The War Rages On, but until they outlaw Voodoo Nickels, I won't give up the fight. Help win the war.

Order your set of 4 Voodoo Nickels (red, green, blue, black) now -- set with curses are \$1.00 Post Paid and a set you may apply the curses 50¢ Post Paid. From: Bill Morphet, 3360 Chichester Ave. Apt. #A13, Boothwyn, PA. 19061.

IOWA CITY SESQUICENTENNIAL WOODS AVAILABLE

The Iowa Sesquicentennial Woods (1839-1989) are available for 75¢ apiece plus a SASE. Seventeen (17) different varieties were made in very limited edition and most are scarce (only 4 to 10 exist. If you order more then one wood, different varieties will be sent, the scarcer ones first, as long as they are available. All orders will include a list of mint-ages for each variety. Send orders to address below.

Only three complete sets of all 17 different varieties - 9 Indian and 8 Buffalo in an assorted colors--could be assembled out of the "rainbow" lot. I have one of the sets in my collection, but the other 2 are for sale. Full set price: \$20.00 postpaid. If you'd like more infromation, or wish to order a set, write first!

The problem was that the officials in charge of setting up for Sesquentennial Week said they were going to issue an official wooden nickel or a medal, but they didn't order anything. The newly-formed Old Capital Exonumia Club (OCEC) ordered a small batch of semi-official woods, assuming there would be official woods ordered, but they weren't, which is why there are few semi-official woods.

Please include an SASE with all correspondance and orders. Send to: Dave Morice, 231 Woodside Drive, Iowa City, IA. 52240.

RITA STANKIEWICZ

IOWMC #574

Cheekowaga, NY.

I was born in Buffalo, NY. and then in World War II we moved to Cheekowaga, NY. just outside of Buffalo. We still live in the same home today. I retired from working in a department store over two years ago. Now trying to enjoy life with my various hobbies.

I started collecting Wood when Buffalo, NY. was celebrating their Bicentennial around 1964. They issued a Wooden Nickel that got me very interested in Wooden Nickels. From then on I wanted more so I joined IOWMC when I heard about it in Coin World and friends. I have all the years that Checopex Coin Club put out Wood and have also attended all of their shows.

I also buy a lot of Wooden Nickels I can find there to exchange with friends. The dealers call me the "Wooden Nickel Lady" as I buy the most Wood from them. Yet this wood helps my hobby a lot. I enjoy exchanging wood at Christmas.

I guess I enjoy collecting so much I collect elongated coins, fancy spoons from all around, all kinds of thimbles, novelty pencil sharpeners, fancy buttons and some trade dollars. This really keeps me busy with my collections. Also attend Craft Shows where I have a table to sell my hand made crafts. My sister has taught me many things I could make.

I love to travel and now retired hope to do a lot if my health holds out. Enjoy Trailway Tours very much and once in a while go by plane to visit families in different States. Enjoy Country Western music and attend some of the shows. Made one trip to Europe that was enjoyed very much. I always enjoy the A.N.A. conventions meeting many of my pen pals and friends in person and end up going home with lots of goodies for my collections.

I'm a proud member not only of IOWMC but also DWMC, NYSWMS, CAWMC and TEC. So hope you folks enjoy your hobbies as much as I do. Happy Collecting to You-All.

Listed elsewhere is a complete list of all the door prizes, donors and winners.

Total sales (by mail) \$427.00; ticket sales at meeting: \$44.00; auction material netted \$211.25; (8) one year's free dues: \$40.00=\$722.25. Cost of mailing door prizes was \$26.00; making \$696.25 total profit for IOWMC.

Thank You to all who supported this activity.

Members who took time to send items for our fund raising project were: Rusty Bailey, Marion Beardsley, Louis Berkie, Albert Bonesio, Norm Boughton, Toni Cichy, Joe & Mae Clark, Frank Davis, Wayne & Virginia Dennis, Gordon Donnell, Ed Engle, George Hill, E. & C. Hosterman, Doris McGahan, Dave Morice, Kazuma Oyama, Glenn Rodger, Jacob Scott, Walter & Mayme Scott, Rita Stankiewicz, Estate of Alice Stencil, Donna Streeter, W. Roy Talbert, Charles Warnstedt, Ted Wolverton and Al Zaika.

Members who purchased additional tickets and/or donated extra money were: Al Bonseio, Paul Borack, Norm Boughton, L. Boyk, Eileen & James Cliburn, G. Cochran, J. Davis, G. Donnell, L. Edwards, Joe Ehlinger, Kirk Francis, Adam Fritzel, J. Gavin, Roy George, Clare Geren, Eloise Hayes, George Hill, Barbara Izzo, Wm. Kennedy, Sr. Tom King, Ruby Kline, Chas. Knapp, Wally Kroesko, Gelvin Leeper, George Lillich, William Morphet, Lois & John Morsello, Rusty Bailey, Richard Olsen, Ken Paulsen, E. T. Register, Vic Rich, Geo. Richards, Glenn Rome, Dana Smith, Rita Stankiewicz, Harold Sutton, Chester Trzcinski, Raymond Wade, Fred Wersan, L. Whitcomb, P. N. White, Ron Willadsen, J. Williams, R. Wiltberger, E. Wolverton, Leslie Salley.

There were a nice variety of items put up for the auction: Wooden Nickel Art Project, many U.S. Proof sets and Mint sets, and Toni Cichy's afgan brought much more by putting them up to auction. Several of the members requested their proof sets be auctioned so in all fairness I decided all should be. Also want to thank the 1988 winners of one year's free dues who donated the same this year.

Thanks to Wayne Dennis and Ken Palsen for conducting the auction. I could go on and on but one Big Thank You from me to each of you who helped make this event successful.

I just hope that I have not overlooked anyone. If I have, please accept my apology as it certainly is an oversight.

Last but not least, MANY THANKS TO FRANK DAVIS for the IOWMC 25th post stands that were given to each board member in attendance and remaining ones auctioned off which sold for \$7.00 each.

NOTE: Items donated by the late Alice Stencil were from her estate.

Now that Summer and the A.N.A. convention is over with its back to work again. I'm now looking for Committee Members to take over the jobs as needed. So here is your chance if you want to work for the good of the club. Anyone interested please write at once. We need your help as this is your club. As I will be writing to many of you. If you'd like to help out, please let me know. We will need a Membership Committee, a Nominating Committee, a New Issue Committee, a Special Award Committee and a few others. More on this in the next Chips issue. I will appreciate hearing from you.

If there is anyone out there who is sick please let me know. As we do care about our members. I already heard from Barbara Izzo who needs some cheering up. Shes laid up with a broken leg. So why not drop her a card or letter. Her address is, 20 Sycamore Lane, Hillsdale, NJ. 07642. Lets show her we care. Its nice to get a card or letter when your sick. It makes the day a little brighter. So anyone out there who is sick, just let me know as we do care.

Also if anyone cares to donate things for our goodie bag for the next two years. Please write and let me know. If a bank or anyone else giving out some little things get us a few. We will need good useable things. In 1991 it will be the 100th Anniversary of A.N.A. and I would like to plan on something big. So again if you can help on this, let me know. In 1991 it will be in Chicago, Ill. I already saw one thing at a coin show and asked the dealer if I could get them cheaper I'll buy some. He was glad to get rid of them so I bought some. We need things for 1990 and the 1991 meetings. So lets make it big. Thanks to all who gave this past year as we all got some nice goodies. So be on the look-out for things you can get us. Please help us in any way you can. We need all the help of all members that we can get. Remember this is your club. I will list the name of all who donate things for this. Just anything you give can help us. Name for what year your giving for, or I'll put it in where needed the most. Honest it will be appreciated by all of us. Send all the things to me.

I will try to tell a little of every thing we are doing every month in Chips. As this is your club so lets make this a good two years ahead.

Thank you for any and all help you can give me. Take care and stay healthy. God Bless You All.

Sally Kirka - President of IOWMC.

Dear Members:

The convention in Pittsburgh is over and was a success. The 24 members who paid their 1990 dues ahead have been sent their cards and hopefully the rest of our members will pay their dues sometime between November 89 and March 90. Late notices cost the club double, so please cooperate. I try to keep the club solvent. Best Wishes to All.

Sincerely, Toni Cichy
Secretary

MAIL BID -

The below listed items were left over from this year's annual fund raising project. These were items brought to the meeting and time did not permit us to auction as members had to leave to catch their flights home or for some other reason. ALL PROCEEDS GO INTO IOWMC's treasury. Successful bidder must pay postage. Write: Virginia Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015.

Closing date Nov. 30, 1989

The Oswego River served as a perfect backdrop for Fulton's First River Fest which was held the weekend of Aug. 11 and 12. The powerful river, which splits the city down the middle of the City of Fulton has influenced this city's industrial make up, and left a lasting impression on its heritage. The river, and the influence it has had on this area, was a major part of the weekend festival. A full slate of weekend events for the Festival was held all day on

So. 1st Street from Academy Street to the Canal View Mall featuring booths along both sides of the street, foods, crafts, stages for bands, ect. as well as sidewalk sales by many of the city's organizations.

Several historic displays, from a portable display from the Erie Canal Museum in Syracuse about the Erie Canal to a "Journey Through Fulton's Past" was on display at the Library.

Historic photos and artifacts were also displayed at the Historical Society of Fulton headquarters on So. 1st St. along with the paintings of scenes by well-known local artist.

"Journey Through Fulton's Past" took visitors to the exhibit in the Community Room in the Fulton Municipal Building on an interesting travel through local history. A comprehensive time line traced the history of Fulton from the ice age to the present. The present Mayor announced this may be the most historical information on Fulton on display in one place at the same time.

Among activities planned was the YMCA/Nestle 5K and 10K road race on Sat. in the parking lot across from The Sealright Corp. T-shirts were given to the first 100 registrants, and YMCA mugs to registrants as quantities permitted. A children's doll show, sponsored by the Fulton Garden Club was held in the citie's Voorhees Park (formerly East Side Park) on Saturday. Also on Sat. a Pet Show was held on the city's west side Foster Park. Judging categories included most talented, prettiest, best dressed and owner look-alike. A long list of musical entertainment, all week long, ranged from popular performers from throughout Central New York to local acts. The Local Fulton Patriot presented a well-known Dixieland group from Syracuse, "The Hanover Squares" in a concert on the front porch of the Patriot Building.

For those who wanted to keep moving, there were daily river cruises both Friday and Saturday and a dinner cruise at night. Tethered rides on Miller Brewing Company's Hot Air Ballons and also pony rides, and horse and wagon rides.

Tours of Nestle and Niagara Mohawk's Hydro Station were also offered. The Nestle Tour marked the first time in more than a decade that the facility was open for public tours. The sprawling Nestle facility is the largest Nestle Chocolate-producing plant in the U.S.

River Fest ended the weekend by featuring a long list of activities and events aimed at the entire family. The Festival ended with a spectacular display of fireworks along the banks of the River on Saturday night.

EDWARD A. WIELGUS

I.O.W.M.C. #1788

CHICAGO, ILLINOIS

I was born on January 28, 1925 in Chicago and with the exception of the years I spent serving in the U.S. Navy I have resided in Chicago all my life.

On May 12th, I married a Angel named Josephine and became an instant (Step) father. Josephine had a son and two daughters from her previous marriage. The son and one daughter are now deceased. I am also a (Step) grandfather of five and a great grandfather of 12 (at last count. Josephine and I were happily married for nearly 30 years when in October of 1980 God had decided he wanted my Angel Josephine up in Heaven.

After working for a manufacturing company for 36 years as a Quality Control Inspector and as a Manufacturing Engineer I decided to take a early retirement in January of 1988.

I had written to a Mr. George S. Hill of PA., he was not only kind enough to send some of his woods to me but, also wrote a letter and we have been corresponding ever since. It was Mr. Hill that got me interested in collecting woods and also sponsered me to become a member of IOWMC.

Besides collecting woods I have other hobbies which I enjoy. Drawing, painting with acrylics, oil and water color. Also enjoy writing poetry, songs (Lyrics only) collect coins (nothing rare just common), Mardi-Gras Dubloons, medals and recently have started back collecting autograph's. Josephine and I had collected autograph's for a couple of years until the collection got out of hand, just had to many and couldn't even display them properly so we had given up that hobby. I guess you may say that I am a collector of anything and everything.

Since joining IOWMC I have met so many wonderful people (thru the mails) and corresponding with them has proven to be a wonderful experience.

CIRCLEVILLE, OHIO PUMPKIN SHOW WOODS

To all who may be interested in the Circleville, Ohio Pumpkin Show Woods. I have four unlisted pieces also several unfinished 1947 pieces. I would like very much to hear from collectors who may have these or others, especially those issued after 1969. I have only one piece I think it was issued in 1978 that's the date I have on it due to it not being dated. Will describe the ones I have the best I can.

1953 brown gold print side 1 date only 1953, side 2 Kiwanis Club Pumpkin Show Circleville, Ohio. 1955 brown gold print side 1 Circleville, Ohio Pumpkin Show 1955 side 2 a large (K) in circle with Wooden Nickel above and below the K. 1949 1 3/8" round gold print side 1 Souvenir 1949, side 2 Kiwanis Club Pumpkin Show Circleville, Ohio. 1947 is listed in the wood book as large print. I have one much smaller print off center light gold over black print same as above Circleville Pumpkin Show 1947. Another 1947 small black print over white wood. The print on above three 47 pieces are Circleville Pumpkin Show 1947 this one has only Pumpkin Show 1947 and is large print gold on white wood, side 2 also gold print on white wood. I do not know if all 1965 pieces are this way? Oct. 20, 1965 and Oct. 21, 1965 they are crossed.

I would like very much to hear from others if you have pieces not listed here or in the wood guide book, I would like to know what they are. I would like to buy the set of the Circleville, Ohio Sesquicentennial.

My Best Regards Walter P. Drinkard, 3913 Woodfield Road, Richmond, VA. 23234

Coin World c/o Mr. W.T. Gibbs, 911 Vandemark Rd., Sidney, OH. 45365

Dear Mr. Gibbs

When I started taking "Coin World" out some 3 years ago, it was for one purpose only - to collect the Wooden Nickels. I am just one of the thousands of collectors through-out the United States and Canada.

About a year ago we Wooden Money Collectors began to notice that not many wood items were being put in Coin World as Numismatic News. I began to question this and wondered why after two letters to Coin World, I got no reply. I felt that Coin World was only interested in those people who collected coins only, and also had decided to drop my subscription. I felt that I could give my subscription fee to Numismatic News because they have almost a full page in their publication about each and every week on Wooden Money Clubs and what Wood issues available and they always show the woods, price and who to write to. That's most important to wood collectors.

After meeting you people at the 98th ANA Convention this year, I had the pleasure of talking to your people and explaining this to you's - also to the young couple that attended our Wood meetings. Now that you have the story, let's see what can be done about giving us a little section of your publication. You now have the ball - run with it.

Sincerely, Gene Nelson - Wood Collector

Editor Note: As editor of Bunyan's Chips realize information must be received in order that it can be published. I obtain many wood issues that have no information on how members can obtain them, therefore many don't get published as would only confuse members. There is no charge for publishing issues in Chips. Most send 1 or 2 woods but a clear copy is OK. Cost and where they can be obtained is important. Many that issue Woods do not know to send the information to Wood publications or Coin World and Numismatic News. Only coin clubs know of ones to send ad to. If you find a issue help get it published. Last reports Coin World is now making more efforts to help our hobby.

Scotty

When visiting Antique Shops and Flea Markets located this wood. All lettering and border is raised. The wood measures 30 MM diameter 6 MM thick with a "V" groove cut around the edge dated Feb. 23, 04. Can anyone supply an information on this issue? Write: Clinton B. List, RR#2 3280 Route 6, Eastham, MA. 02642.

A HAPPY THANKSGIVING to all our IOWMC members. May you all have a happy day. Lets not forget our lonely friends and make room for just one more around that table. Many are alone or lost their loved ones, so lets try to help them and make room around that table.

Aspecial thanks goes to our Editor Walter Scott for just a job well done on the book he sent everyone on our 25-h anniversary of IOWMC. It really was a nice job and a lot of good reading. Thank you Scotty from all of us.

Lets keep working to keep IOWMC growing and not give up. If your asked to do a job why not help our club. After all this is your club. If you have a problem, lets talk it over. As we can work all out little by little. If you don't like some thing help us to do better so we can grow. We need all your help. You also may have some better ideas. We need all your help to keep growing but lets take one thing at a time. Send your letters to me.

I need good committee members to work for IOWMC and I. We need good workers. You saw the list in Chips. So far I have a couple jobs filled. Will list all in a later issue. We need a good Award Chairman. The same ones can do this if we can't get any new ones. Remember if you won't help, don't complain later as I'm asking for your help. We do have nice members out there and we all aim to please but we need your help now.

I would like to thank Wayne and Virginia Dennis on a job well done on the auction, the door prizes and the give away bagies that they donated themself. Toni Cichy also donated some bagies of free-bees passed out at our meeting at Pittsburgh.

I also want to thank each and everyone for the door prizes as Wow, they were all very nice. I saw one person carry a nice afghan that was auctioned off real beautiful. Also a thanks goes to those that left things at the head table. I do not know their names but a thank you kindly. So you see we do have nice members out there

Hope fully the Dennises will take over the auction again and door prizes as they do an outstanding job. Thanks again for a job well done.

Many of our members belong to other clubs so must leave for other meetings to. I know I belong to many clubs so run from one to another so its a busy week for us all.

Recieved word that Virginia Dennis is going to the hospital for an operation. So lets send her a get well card even if she may be home by the time you read this. Her address is on other page. Come on folks lets show her we do care. Lets take care of our sick members to they really mean a lot to us. So Virginia our prayers go with you. Hope you are felling when you read this.

Any one else sick out there, lets hear from you so we can send a card or a letter. As really cards or letters help a lot. Write to me.

Aga-n a Happy Thanksgiving to you all. Yet don't over do it and eat to much turkey. I already have mine so will have turkey to.

Get your orders out for your Christmas Wood as it could be to late. Don't send your orders in to late. I ordered mine already.

Now time to move on, so you all take care and I'll say God Bless You All.

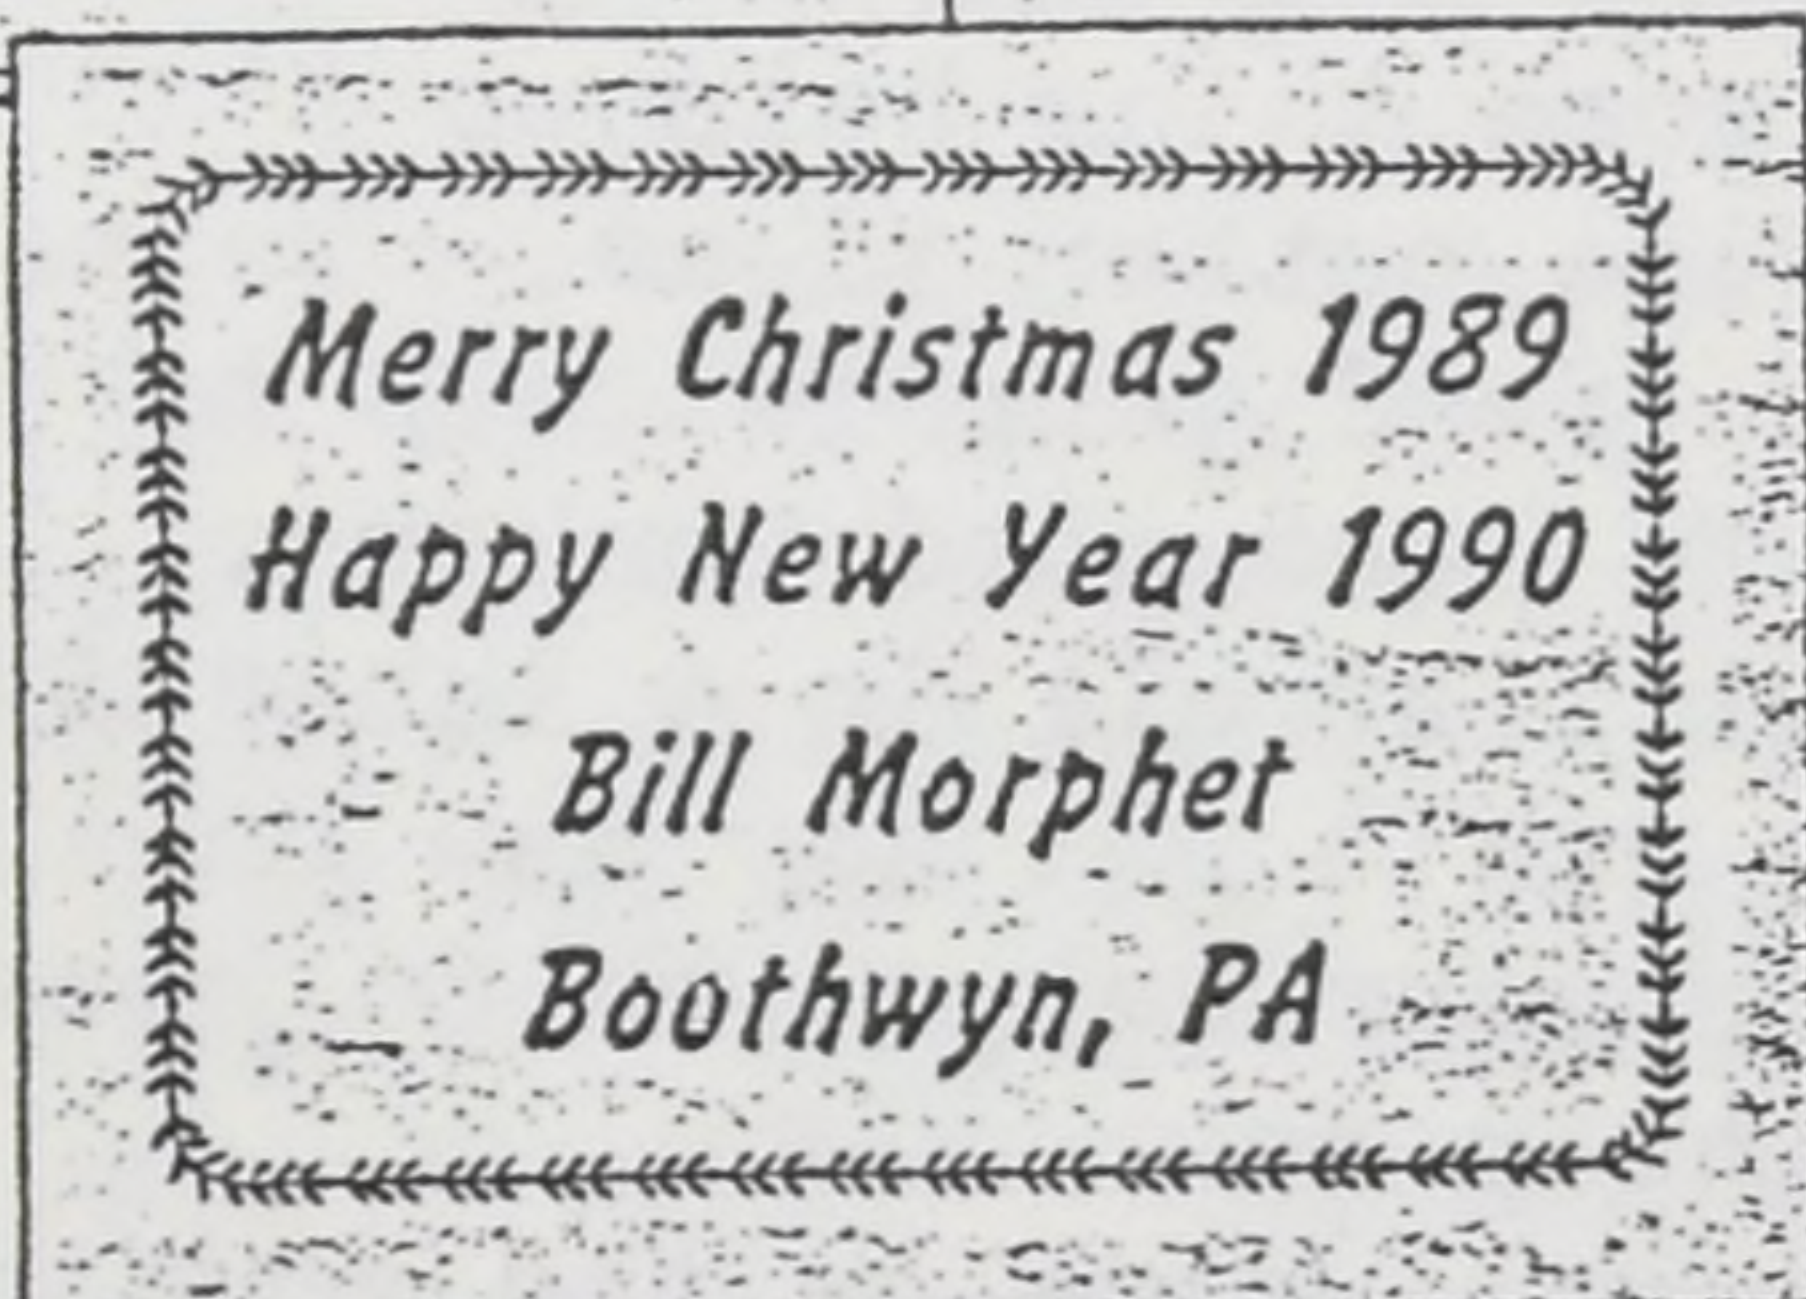

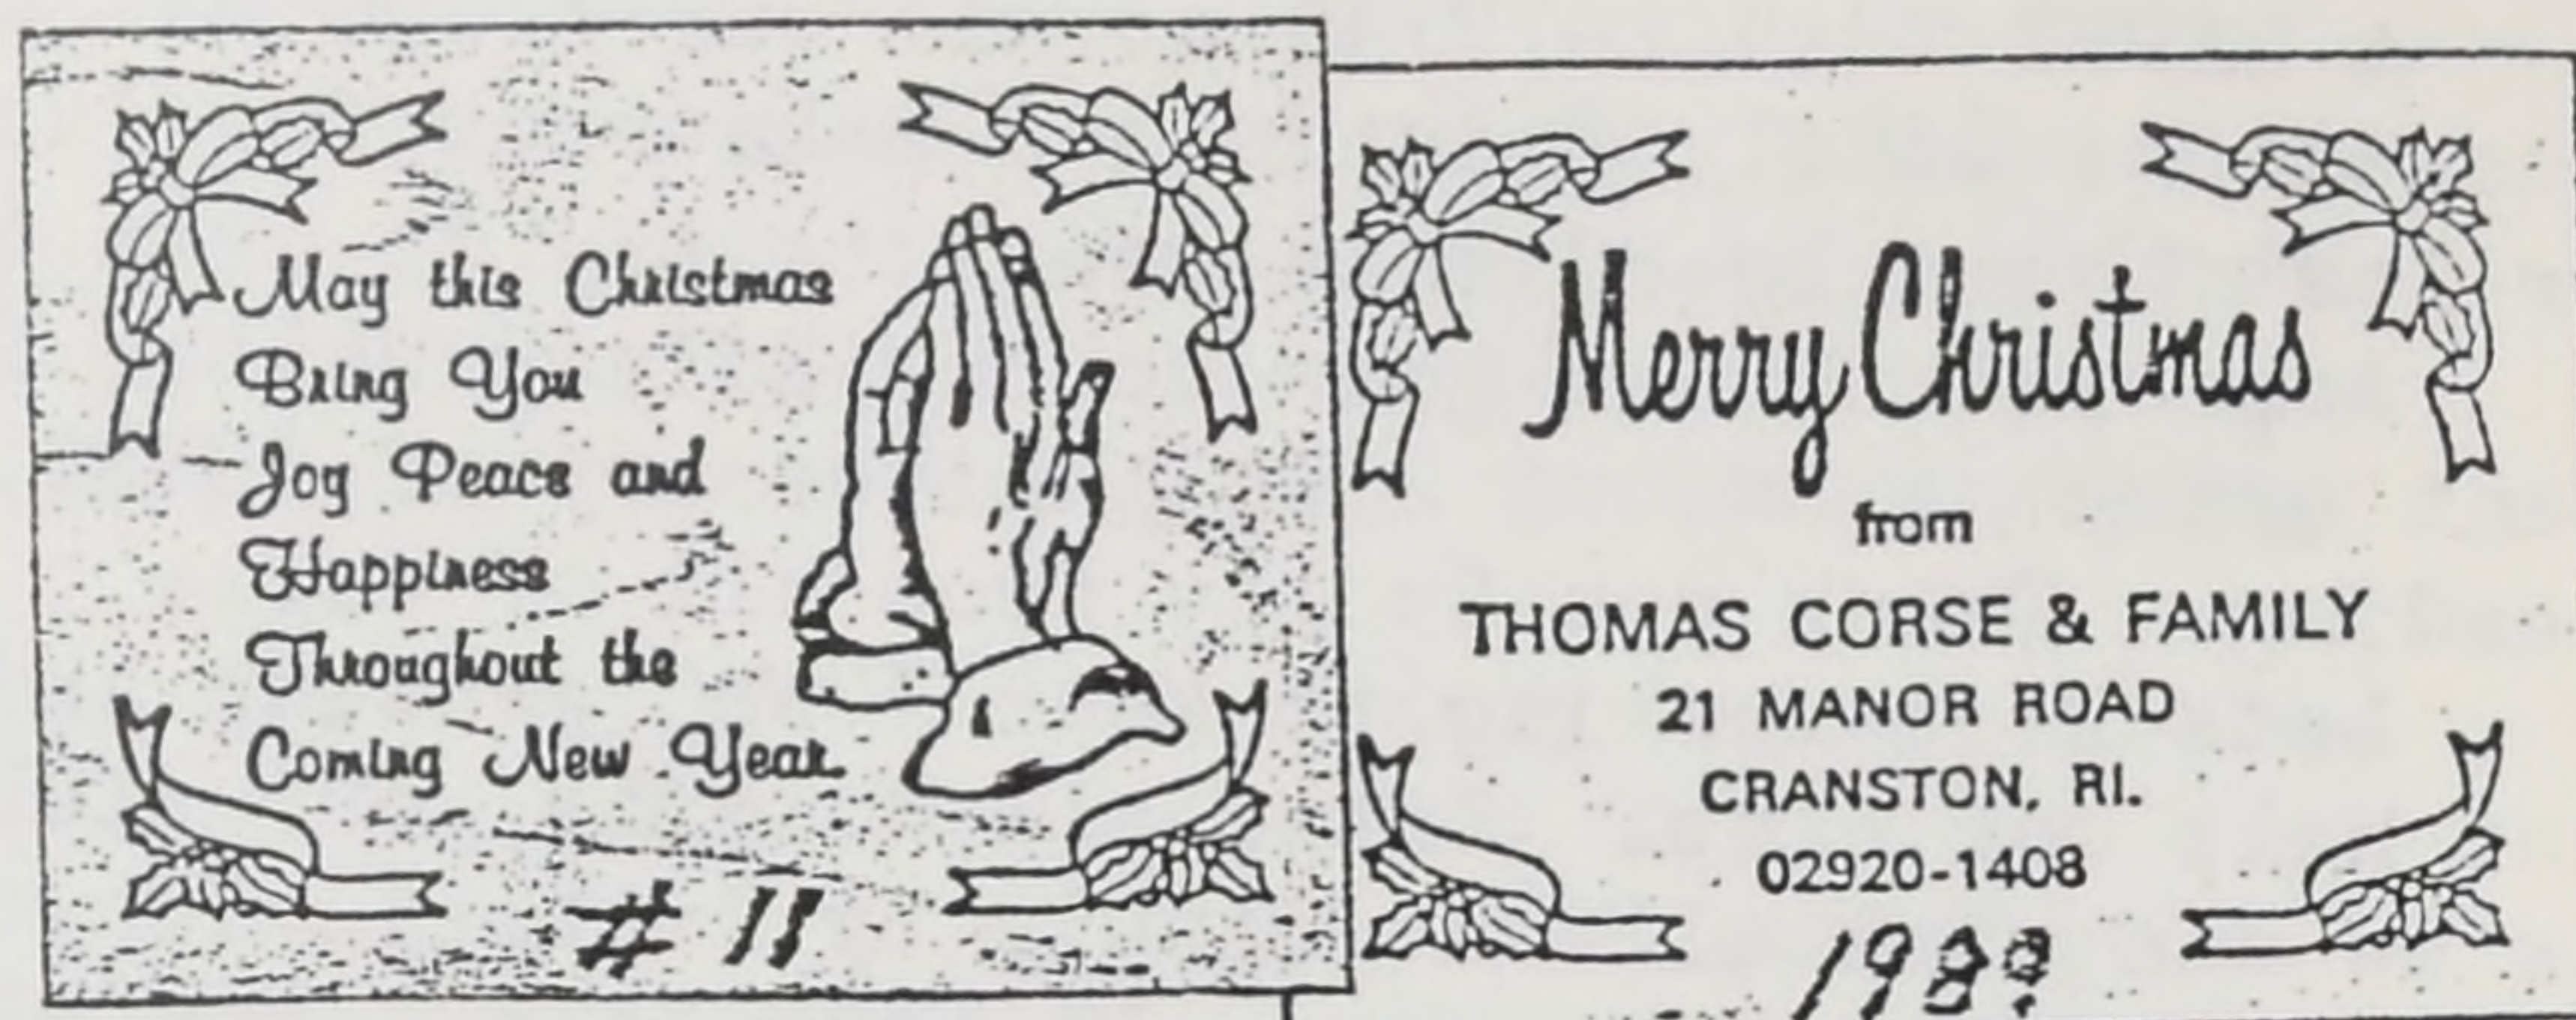

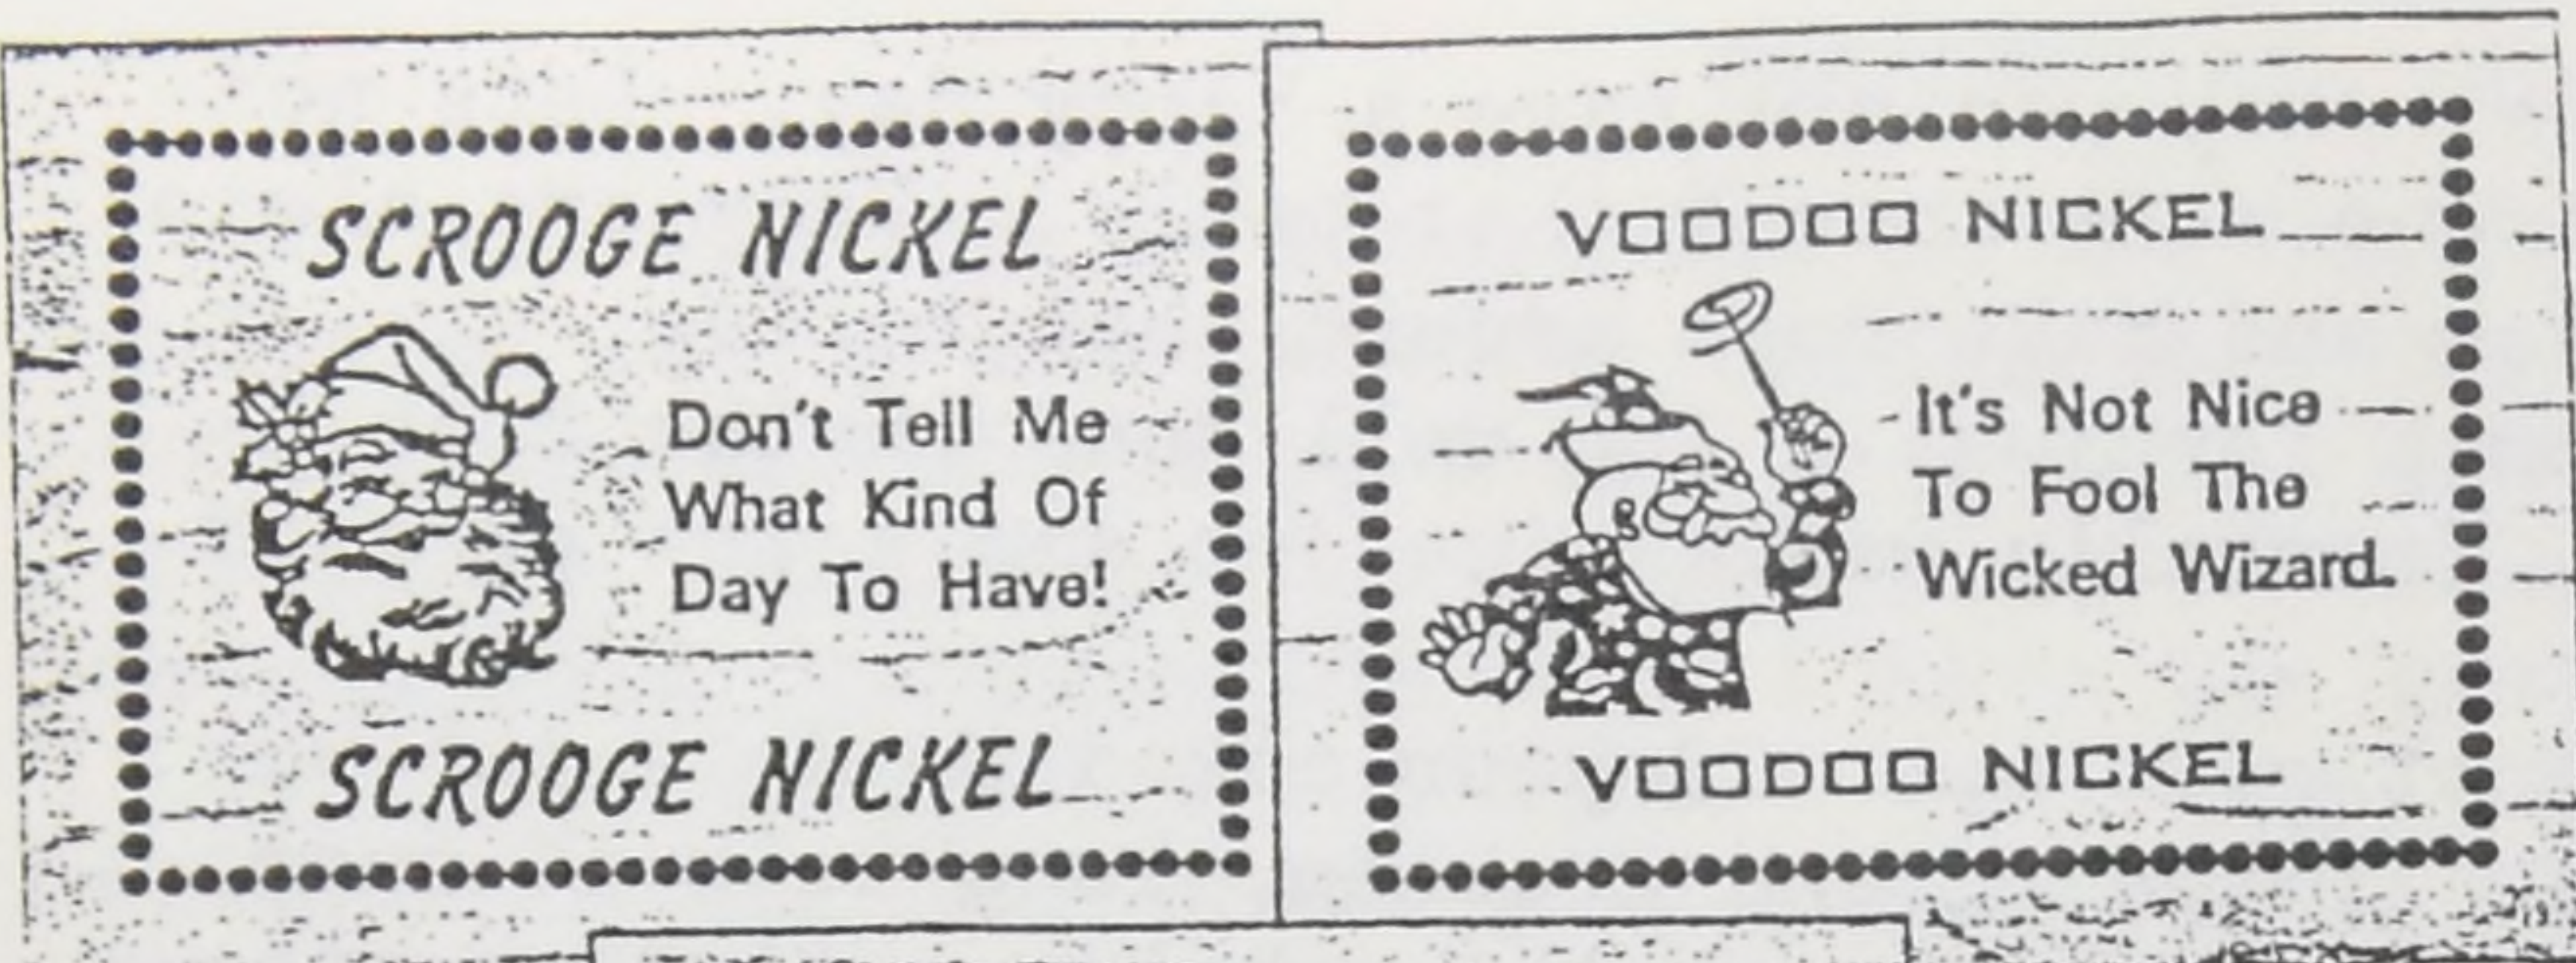

Sally Kirka - President of I.O.W.M.C.

SICK LIST: George Parfet spent 10 days hospitalized. Problem with breaving and legs. Sorry he can't keep up with corresponding. Make a note to drop George a card or note. Address is, George Parfet, 729 Euclid Ave., Temple, PA. 19560

NOTE: Recieved a package - Sure Surprized when opened "Out Standing Service Award" Never expected it, but sure appreciated. Would like to thank all who made it possible. Mark Wildasin. PWMS. held their annual Xmas party Nov. 5, 89 attended by 25 members and guest. Very nice gathering and fine food. All ways great when Woodies get together. P.O.W.M.T. to hold their annual Christmas Party on Dec. 9, 89. Hope they have good attendance and a very nice gathering.

Saturday, Dec. 2, 1989 will be Shilling Day at Pine Tree Lodge at New Lyme, OH. The Pine Tree Lodge is a unique cut-your-own Christmas tree farm using horse drawn transportation to and from the fields. On this day the Manners family will begin its annual task of releasing the 24th edition of the pine tree wooden shilling.

Yearly request come from all parts of the U.S. and Canada. The 1989 wood commemorates the marriage of Charles Manners daughter Ruth Ann to Henry Taylor on April 15th at the Bass Lake Inn in Chardon, OH.

Many collectors visit the farm on this festive day to receive their wooden coin from the manners family personally.

There is no charge, send a S.A.S.E. to Manners Pine Tree Lodge, New Lyme, OHIO 44066. All request will be Hand Stamped at the New Lyme, Post Office 44066.

THE EXERCISE TIGER

At 0200 on April 28, 1944, a flotilla of eight Landing Ships (LST's) proceeded toward the beach at Slapton Sands, England. The ships were transporting a group of engineers and quartermaster troops along with trucks and heavy equipment to provide support for the U.S. 4th Infantry Division Assault Group which had landed earlier. This was an important rehearsal for the coming D-Day invasion.

Suddenly, out of the darkness, 9 high-speed German torpedo boats attacked the LST's. Three LST's were hit. Many soldiers and sailors went down with the ships. Others jumped overboard and drowned or died of hypothermia. In all, 198 sailors and 551 soldiers, a total of 749 were lost.

In an effort to keep the enemy from learning about the tragedy and its connection with D-Day, a strict veil of secrecy was imposed. It is only recently that full details have been made public.

We are here today to honor those American heroes by dedicating a memorial to them. The memorial, a Sherman Tank, surrounded by cobblestones, will provide an appropriate perpetual reminder of Exercise Tiger and the 749 service-men who gave up their lives at Slapton Sands.

THE MEANING OF CHRISTMAS

This month, almost everyone in America, and millions of people throughout the world, will be preparing for one very special day, Christmas. And most of these people, if asked, would tell you that Christmas is the day the world celebrates the birth of Jesus.

Even people who don't believe there ever was a Jesus will celebrate Christmas. And there are millions of people who think that Jesus probably lived at some time in world history, but have not accepted Him as the Son of God and the Lord and Savior of all who call on Him. These people too will celebrate Christmas.

Millions of people attend to their daily lives without thinking much about Jesus. Isn't it nice that everyone in the world who will celebrate Christmas this year will have at least a few brief thoughts of Jesus? Even those who do not believe or accept Jesus must at some time during this season see or hear about Jesus.

We are taught that Jesus is the personification of God's love for us. Thoughts of Jesus soften our hearts and lead us to compassion for one another. Maybe it's the combination of all these thoughts of Jesus from people around the world that makes Christmas the season filled with love, joy, and charity.

Wouldn't it be wonderful if all people who celebrate Christmas would stop for a few seconds each day of the year to think about Jesus?

Our hope for you this Holiday Season is that the joy of Christmas is with you now and for ever.

Joy to the World!

I would like to thank Frank Davis for proposing me as a Honary Life Member in IOWMC and the Board of Governors and membership for supporting his request. The request also asked for a portrait as many have not met Mayme and I.

I was born on Goblers Nob in Cherry Hill, MD. a small village north of Elkton, MD.. My father was a papermaker untill the Jessup and Moore mill closed, then did numerous jobs. Mother now 91 dedicated her life as a homemaker and raising aprox. 40 children and a home to many roomers and boarders. Married Mayme in 1951 and have a daughter and son, 4 grand-daughters and 2 grand-sons and 1 great grand-son.

As a kid always picked up any work possible, picking berries 10¢ a qt., tomatoes \$1.00 a day plus a basket of them, thining corn, cleaning chicken houses, yard work, biking 14 miles to work in a paint store and helping refinish furniture \$1.00 a day. The first hourly job was handyman for a electrical contractor. Always doing handy work in school and helping the janitor. My first real job at 16 was in a paper mill painting machines and 3 story mill housing high work as enjoyed climbing and helped turn a school into apartments. Due to slow down got a job at a coal & hardware supply company learning to drive a truck before a car. After loosing brakes and wiping out a fire plug went back to the papermill unloading bales of paper to load in beater for new paper. Applied for a job at a electric motor repair shop in Wilm. Delaware lasting 9yrs. 11mo. Then went to Chrysler, Newark, DE. Tank Plant as a maintenance electrician maintaining machines used to make Patton 48 and T 43 tanks. Later they converted the plant into auto production, during which worked 3mo. at Dupont Experimental Labs and then did sheet metal and odd jobs 3mo. then back to Chrysler retireing with 31½ years at 58.

Dispite only having 9 yrs. of schooling have been a Scoutmaster, explorer advisor, 31 yrs. in Lions Club chairing, coastmobile derbies, square dances, Cecil Co. tercentennary medal and show elect. loosing 24#'s, Elkton Bicentennial medal(1976), Woolly Bear catapillar Day, served as program chairman 7yrs. and President 1 term. A Past MD. State Councilor of Jr.O.U.A.M. Councilor 2 terms in D of A. at present a Trustee and building chairman in the Cecil Co. Hist. Society. Always helping everyone that keeps me far to busy as a jack of all trades. Always took time to watch craftsmen or how ones worked and things made. Had the shell put up and the completed our home after a number of years. Auto mechanic is only job thats not my thing.

Through all my being involved feel I'd never learned as much in school, yet members often note the poor spelling and puncuations one finger typing looks like a patchworkquilt with ink-out. Have put out several programs for Lions set up by printer as well as IOWMC's 15th/20th and DWMC's 10th doing most all set up. The 25th IOWMC program was the first done completely by myself using a copier and rigging up a special folder and stapeler. This issue of Chips will complete 7 years as editor of 77 Chips issues.

Known by must all as Scotty, feel insulted to be called Mister, known as Scotty the electrician at Chrysler as never put myself above the production workers and never let management be any better then myself, anyway mever got fired. Have earned many names from wheeling and dealings. One evening we hosted a Woody and his wife and he could not figure out as only a worker could do so much and be so noted by others, by the end of the evening remarked that he thought he'd found the answer and hit it on the nose. Due to activities know one can move mountions, it just takes get up and go.

I owe lots to my deceased father, my 1st to 4th grade teacher remarked to another teacher when I registered for the draft, she'd never tought another like me as she would tell how to do something and I'd turn around and do it another way that was easier. The 5th tru 7th gave me heck because of quitting on making a Xmas play invitation different, that was a lot of extra work, so it got finished. Both have guided me all my life dispite lots of pressure at times..

My main regret is that in many cases my family has came second.

Scotty

A MERRY CHRISTMAS and a HAPPY NEW YEAR to all of the IOWMC MEMBERS. Heres hoping you all have a happy holiday with your family and friends for Christmas. May Santa be good to you ALL bringing nice gifts including Love, Happyness and Good Health.

Remember lets not forget our sick and lonely friends. Make room for just one or more round that table, if you hear of someone living alone. I also recieved word that these IO-WMC members were all in the hospital and most all had a big operation. Lets find it in our hearts and send all a get well card for this Christmas season. We all can do this so come on folks, how about it / A friendly card or letter helps the sick and who knows we could be in their shoes. Lets show them we care as I do. Those that were in the hospital and were very sick were C.Leslie Forsyth, Box 28, Nemacolin, PA. 15351, George Parfet, 729 Euclid Ave., Temple, PA. 19560, Virginia Dennis, 1852 Golden Shadow Dr., Henderson, NV. 89015 also Herman Krajewski, Box 117, Rockville, CT. 06066. Any one else who has been very sick please let me know as we do care.

Now about our Christmas wood. Not all people have Christmas wood made. Yet many out there have some nice Christmas wood made. Some will exchange while others will sell theirs. Either way it will be nice to know and hear from all. If you ordered your wood late you can still exchange or sell the wood later. So bear with your friends and wish them all a Merry Christmas on wood. Better late then never.

As to the committees only one person wrote in as of this writing that they will take a job. Thank God for nice people like that. So I do have a few picked out already. I think we have some nice members out there so I'll write to a few more people. If I dont get any one I'll do the job my self. There is a job waiting for anyone who would like to help.

We may have a nice surprise for IOWMC in the next issue. Yet I have to see how things work out. I also want to talk things out with the IOWMC officers first. I also have ideas for the A.N.A. 100th Anniversary for 1991. Again I'd like to talk this over with all the officers. Maybe I'll be able to tell you all in the next issue. We must do more for IOWMC to keep this club going. So we must try some new ideas to get our IOWMC members interested in all this. We have a nice club so lets keep it going. We have nice members out there.

Now I wish you a very Merry Christmas to you all and my prayers go with you to. I hope the New Year brings you all good Health, Wealth and Happyness. All I can add to this is, I love you, I love you All

Your IOWMC President
Sally Kirka

Rare Seals of the Tropics

BY
CHARLES MATSUDA

In the Northwestern Pacific of the eight Hawaiian Islands chain, there is an isolated group of small islands, which are also a part of the Hawaiian Archipelago that extends about 1200 miles from the Northern tip of the Island of Kauai to Midway and Kure Island. There islands are known as the Wildlife Sanctuary for colonies of millions of seabirds, marine turtles and monk seals.

The seabirds lay eggs and raise their young and the sea turtles also crawl from the ocean and deposit eggs in the nests on the warm, white sand beaches. The rare monk seal is among the only two species of seals found in Hawaii and the Mediterranean. They are the only seals known to breed in tropical and subtropical weather.

The Hawaii State Numismatic Association's fifth wooden token of the series on Hawaiian Endangered Wildlife is featured with the Hawaiian monk seal on the obverse of the token.

A native of Hawaii, known as Ilio Holo I Kauaua, the Hawaiian monk seal hauls out on the beaches in the spring and mid-summer giving birth to a single black pup, feeding it with rich white milk. During the nursing period, the mother does not go back to the sea in search of food, but stays continually with her offspring. When the pup is a few days old, the mother taken the young seal for its first swim in the shallows away from her arch enemy, Mako the shark. The pup's black coat soon changes to silver gray as the seal grows rapidly from the continuous supply of the mother's rich milk. Then one day, the young seal suddenly departs to the sea as it becomes a young adult.

The reverse of the wood is pictured with a flower known as the Ilima. A native plant of Hawaii, the Ilima belongs to the Hibiscus family. The flower grows wild in a shrub in dry places or cultivated gardens. The color of the Ilima is pale light orange with small green leaves. These flowers make nice leis when they are strung up by threading them through the center. The Ilima is known as the flower of the Island of Oahu.

If you are interested in ordering the wood, send 25¢ plus a self-addressed, stamped envelope to the Honolulu Coin Club, P.O. Box 6063, Honolulu, Hawaii 96818.

the Diversified Field of Numismatic

BY KAZUMA OYAMA

Prices of U.S. coins scare you? When I first started collecting coins I started with foreign coins. This was a logical start for me because I had accumulated some coins and paper money from Europe and Asia during my travels, courtesy of Uncle Sam, as a soldier and civil service worker. Also, the foreign coins had a variety of attractive designs. Then gradually most of the new issue foreign coins were promoted out of my price range with atrocious face values and prices and I discovered elongated (rolled) coins, wooden nickles and tokens of all sorts—amusement, transportation, parking, tax, etc. These remain comparatively inexpensive.

The Hawaiian Money Standard Catalog by Medcalf & Russell lists some interesting elongateds. Not listed is the elongated with the Lord's Prayer that was rolled in several major cities during World War II. There are several versions of this. Before the National Parks Service took control of the Pearl Harbor Arizona Memorial a few years ago, Lennis Schneider had a roller operation there that during a span of several years cranked out Arizona Memorial elongateds of several minor varieties. He sold these to tourists (and locals like me) for 25¢ each. Schneider had a hand-cranked roller out near where the people waited in line to ride the boat to the U.S.S. Arizona. He also had an electric motorized rolled in a shack nearby in which an employee cranked out most of the elongateds.

The wooden nickles have been issued for various purposes by clubs, businesses, politicians and even individuals to announce births, birthdays, weddings, etc. The Hawaii State Numismatic Association and the Honolulu Coin Club have been issuing attractive wooden tokens for the past several years. Other coin clubs on Oahu, Maui and the Big Island (Hawaii) have issued wooden tokens in the past. A variety of interesting wooden tokens are listed in the same catalog mentioned in the previous paragraph.

Among Hawaii's amusement tokens are those of Fernandez Fun Factory, Castle Park, The Plaza Center, Mililani Skate Palace and Maui Skate Palace.

All the known Hawaii transportation tokens are listed in the Hawaiian Money Standard Catalog as well as in the Atwood-Coffee Catalogue of United States and Canadian Transportation

Tokens sold by the American Vecturist Association. Most common of all the Hawaii transportation tokens are those that were issued* by the City & County of Honolulu and now operates under a company known as MTL Inc. It's cash fare only (or passes) with the only semblance to the old being the transfer tickets issued to cash customers. Other transportation tokens used on Oahu were those issued by the Pearl Harbor Drivers Association and Rosecrans U Drive Ltd. Kauai had the Nawiliwili Transportation Co. token and Maui the Kahului Railroad Co. tokens. The Big-Island used tokens issued by the Waiakea Mill Co. of Hilo, Hawaii Bus Association and Transilux Ltd.

The only parking tokens used locally that I am aware of are those of Diamond Parking which, according, to Feisel's Catalogue of Parking Tokens of the World, second edition 1973, "is a large scale parking operation which is headquartered in Seattle." The tokens were of several designs and interchangeably used in Washington, Oregon and Hawaii. There is a Thomas Trade Center token listed as TC-82 in Hawaiian Money Standard Catalog that may qualify as a parking token. These tokens were given to customers by some of the businesses in the Trade Center which was located across Dillingham Blvd. from the Honolulu Community College. The token was accepted in lieu of cash to pay the parking fee at the Center's parking lot.

The tax tokens were mostly issued during the 1930-1940 period by only a few of the States. As stated on the tokens there were issued for various purposes as Sales Tax, Luxury Tax, Emergency Relief Fund, Ration (OPA), etc. The tax rates were in units of less than one cent so the tokens were necessary to facilitate accepting and giving change for the proper amount of tax. The red and blue tokens issued by the Office of Price Administration (OPA) during the rationing days of World War II were valued in "points." Hawaii was exempted from many types of rationing imposed on citizens of the 48 states. To my knowledge the only rations that Hawaii residents were subject to during World War II were for gasoline and liquor. To date I have been able to find a few unused gasoline ration coupons—but none for liquor! Among my souvenirs I have a shoe ration coupon issued to me at Camp Blanding, Florida on my way home from Italy.

All of the above special categories of numismatics have national organizations as follows: Wooden Tokens—International Organization of Wooden Money Collectors (IOWMC) and the Dedicated Wooden Money Collectors; Elongated or Rolled Coins—The Elongated Collectors (TEC); Tax Tokens—American Tax Token Society (ATTS); Transportation and Parking Tokens—American Vecturist Association (AVA); All Medals and Tokens—Tokens and Medals Society (TAMS).
